Dictionary Benjamin Hall Kennedy 1856

Geography for the use of schools - W M. Lupton 1881

English Grammar for Today - Geoffrey Leech 2005-10-28

Written by a team led by a world authority in English grammar, English Grammar for Today has established itself as a rich educational experience for both native- and non-native-speaking students. This engaging and stimulating coursebook enables students to learn grammar not just for its own sake, but also for the pleasure of exploring, appreciating and understanding the way language communicates in written text and spoken discourse. Throughout, the emphasis is on using grammar in present-day English. After an introduction placing grammar in its educational and cultural context, the authors present a 'toolkit' for analysing sentences. The second part of the book demonstrates how to apply this toolkit to spoken and written language, using a wide range of real textual materials. Each chapter ends with a set of carefully-designed exercises and tasks to aid understanding, with answers provided at the end of the volume. Now thoroughly revised and updated to meet the needs of today's students, this new edition features: - a new Foreword by the English Association - an additional introductory chapter, 'Getting Started with Grammar', which introduces the subject for those with no prior knowledge - improved and extended diagrams, exercises and answers - up-

ideal for both students and teachers who are looking for their first serious engagement with - or wishing to rediscover- English grammar.

The essentials of English grammar, with a distinctively clear organization and user-friendly language The acclaimed Understanding English Grammar fosters students' innate

language expertise as they study sentence grammar. It offers a practical blend of the most useful elements of both traditional and new linguistic grammar, beginning with an overview of English as a world language, language change, and various classroom issues associated with prescriptive grammar and correctness, along with an updated list of further readings. Every discussion is viewed through the eyes of a novice reader, bearing in mind how the current generation of students uses communication tools for social purposes. Both students and teachers appreciate the self-teaching quality that incremental exercises provide throughout the chapters, with answers at the end of the book. The Tenth Edition introduces new coauthors Loretta Gray and Joseph Salvatore--two respected scholars who bring their special expertise in linguistics and creative writing, as well as long experience in teaching grammar and writing. Also Available with MyWritingLab (tm) This title is also available with MyWritingLab -an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. In addition to the full eText, activities directly from the text are available within MyWritingLab. These include the small scrawl written assignments, readings from the text, review exercises and more.

Doing English Grammar - Roger Berry 2021-01-31

Grammar is integral to teaching English as a second language, and yet there is often a disconnect between theory and practice. This book bridges that gap by introducing key theories of English grammar and showing how they can be applied in teaching. By drawing on an eclectic range of sources, and using a multidisciplinary approach, Berry links advances in our knowledge of grammar, from theoretical and descriptive viewpoints, with developments in pedagogical practices, to provide a comprehensive overview of the whole process of grammar. The second part of the book contains four case studies of key areas of English grammar in which the insights of the earlier chapters are applied, illustrating how grammar theory is used in practice. Offering new insights into the way English grammar works, this book is invaluable for all professionals who 'do' English grammar: teachers, grammarians, textbook writers and syllabus designers, testers and researchers.

Essential English Grammar - Alison Millar
1998
