Dodge B-Series Trucks Don Bunn 2003-06-02

With Dodge B-Series trucks becoming more rare with each passing year, it becomes more difficult to correctly identify an original condition truck. Drawing upon official Chrysler publications and a broad knowledge of original condition trucks, Dodge truck expert, Don Bunn, brings the restorer or buyer the information needed to correctly restore a truck or make an intelligent and informed purchase. It covers the entire line of 1948 through 1953 Dodge B-Series light, medium and heavy-duty models except Power Wagon, with a heavy emphasis on light-duty models because they are the most popular with collectors. Anyone with the desire to own, restore, or correctly identify an original condition Dodge B-Series truck needs this book!
