Adventures of a Continental Drifter - Elliott Hester
2007-04-01

In October 2002, Elliott Hester sold his car, abandoned his apartment, and took off alone

on a trip around the world, during which he drifted to over fifty destinations. Elliott's tales about his travels range from the bizarre to the hilarious to the flat-out shocking. Travel with him as he: · Chases off transvestites in the South Pacific · Gets drunk on Estonian moonshine at the maker's eightieth birthday party · Impersonates Samuel L. Jackson at the 38th International Film Festival in the Czech Republic · Ponders the Finnish tradition of sprinting from steamy sauna to plunge into the frigid Baltic Sea—naked! · And much more. Only an around-the-world excursion could produce such outlandish, hair-raising, hysterical adventures. And only Elliott Hester could make such vivid observations and write such vibrant insights about life--and people---on the road.

Eating Asian America - Robert Ji-Song Ku 2013-09-23
Examines the ways our conceptions of Asian American food have been shaped Chop suey. Sushi. Curry. Adobo. Kimchi. The deep associations Asians in the United States have with food have become ingrained in the American popular imagination. So much so that contentious notions of ethnic authenticity and authority are marked by and argued around images and ideas of food. Eating Asian

America: A Food Studies Reader collects burgeoning new scholarship in Asian American Studies that centers the study of foodways and culinary practices in our understanding of the racialized underpinnings of Asian Americanness. It does so by bringing together twenty scholars from across the disciplinary spectrum to inaugurate a new turn in food studies: the refusal to yield to a superficial multiculturalism that naively celebrates difference and reconciliation through the pleasures of food and eating. By focusing on multi-sited struggles across various spaces and times, the contributors to this anthology bring into focus the potent forces of class, racial, ethnic, sexual and gender inequalities that pervade and persist in the production of Asian American culinary and alimentary practices, ideas, and images. This is the first collection to consider the fraught itineraries of Asian American immigrant histories and how they are inscribed in the production and

Cross-Continental Agro-Food Chains - Niels Fold 2005-04-25

Filling a gap in contemporary food and globalization scholarship, this timely book presents recent case-study

research on the globalization of food systems, and the impacts for communities around the world. It covers debates on new structures and food products, as well as detailed accounts of fresh horticulture, tropical crops and livestock. Drawing together contributions of twenty-six leading international social scientists from eleven countries, this book will interest researchers in geography, development studies, agricultural economics and political science, as well as professionals in the fields of trade and food policy.

Cuisine and Culture - Linda Civitello 2011-03-29

An illuminating account of how history shapes our diets—now in a new revised and updated Third Edition Why did the ancient Romans believe cinnamon grew in swamps guarded by giant killer bats? How did African cultures imported by slavery influence cooking in the American South? What does the 700-seat McDonald's in Beijing serve in the age of globalization? With the answers to these and many more such questions, *Cuisine and Culture, Third Edition* presents an engaging, entertaining, and informative exploration of the interactions

among history, culture, and food. From prehistory and the earliest societies in the Fertile Crescent to today's celebrity chefs, *Cuisine and Culture, Third Edition* presents a multicultural and multiethnic approach to understanding how and why major historical events have affected and defined the culinary traditions in different societies. Now revised and updated, this Third Edition is more comprehensive and insightful than ever before. Covers prehistory through the present day—from the discovery of fire to the emergence of television cooking shows Explores how history, culture, politics, sociology, and religion have determined how and what people have eaten through the ages Includes a sampling of recipes and menus from different historical periods and cultures Features French and Italian pronunciation guides, a chronology of food books and cookbooks of historical importance, and an extensive bibliography Includes all-new content on technology, food

Easy Guide To Cuban Classic Cookbook - Sharon Bronson
2020-05-13

When it comes to traditional Cuban food, it's important to remember that Cuban-American food in the USA may mirror certain dishes that are originally from Cuba, but that there can be quite a few differences. If you are familiar with Cuban cuisine in Florida and the USA, don't assume that the versions in Cuba are going to be the same. Florida Cuban cuisine may bring some serious surprises. Researching in detail uncovered some unexpected twists that may go against popular knowledge of Cuban history and cuisine too. Here you'll find a summary of Cuban Food History that will help you learn what to expect from a Cuban recipe, as well as giving you some tips on what to eat.

The Man Who Ate Too Much: The Life of James Beard - John Birdsall

2020-10-06

A Finalist for the 2022 James Beard Foundation Cookbook Award (Writing) The definitive biography of America's best-known and least-understood food personality, and the modern culinary landscape he shaped. In the first portrait of James Beard in twenty-five years, John Birdsall accomplishes what no prior telling of Beard's life and work has done: He looks beyond the

Downloaded from
constructivworks.com on

by guest

public image of the "Dean of American Cookery" to give voice to the gourmet's complex, queer life and, in the process, illuminates the history of American food in the twentieth century. At a time when stuffy French restaurants and soulless Continental cuisine prevailed, Beard invented something strange and new: the notion of an American cuisine. Informed by previously overlooked correspondence, years of archival research, and a close reading of everything Beard wrote, this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard's own need for love and connection, arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts. Born in Portland, Oregon, in 1903, Beard would journey from the pristine Pacific Coast to New York's Greenwich Village by way of gay undergrounds in London and Paris of the 1920s. The failed

actor-turned-Manhattan canapé hawker-turned-author and cooking teacher was the jovial bachelor uncle presiding over America's kitchens for nearly four decades. In the 1940s he hosted one of the first television cooking shows, and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century, with recipes and stories that laid the groundwork for how we cook and eat today. In stirring, novelistic detail, *The Man Who Ate Too Much* brings to life a towering figure, a man who still represents the best in eating and yet has never been fully understood—until now. This is biography of the highest order, a book about the rise of America's food written by the celebrated writer who fills in Beard's life with the color and meaning earlier generations were afraid to examine.
