Strange Country - Mark Dapin 2008-11-01

"This book is about the people I met as I crisscrossed Australia by train and plane and L-plated car: the undefeated dreamers and wild-hearted romantics, the obsessed hobbyists and beautiful failures. It is about heroes and legends, illusions, delusions and hope, and one or two men with shit for brains who ought to be locked up." As anyone who's ever read Mark Dapin's column and features in Good Weekend knows, he's an immensely funny, acute and vivid observer of Australian life. In Strange Country, he takes us on a journey through a very different Australia - a country that's eccentric, puzzling, big-hearted, small-minded, nostalgic and sometimes just plain mad. From the last travelling boxing tent to feral urban sewer rats to Vietnam Veteran bikies and the annual Parkes Elvis Festival, his writing illuminates the stranger side of Australian life in a travel book like no other.

The Value Investors - Ronald Chan 2021-02-09

The latest edition of the popular collection of in-depth portraits of extraordinary value investors, featuring new profiles and updates The second edition of The Value Investors presents a collection of investing legend profiles from around the world. Chapters explore the investors' backgrounds, cultures, and personal stories, and reveal how life experiences have shaped their investment strategies and mindsets. This fascinating book shows you that value investing is a dynamic, constantly-changing strategy which, when properly implemented, can provide significant, sustainable benefits. Although the investors profiled come from a diverse range of geographic regions and socio-economic, cultural, and educational backgrounds, they share similar personality traits, temperaments, and investment philosophes. Thoroughly revised and expanded, the book provides relevant updates on the professional and personal experiences of the investors since the first edition's publication. Complementing the original profiles are several new chapters featuring established value investors including Howard Marks, as well as rising personalities and fund managers such as Álvaro Guzmán de Lázaro and Fernando Bernad Marrase. Author Ronald Chan, founder of Hong Kong-based investment management Chartwell Capital Limited, highlights how and why the value investors have consistently beaten the stock market through the years. This book: Covers multiple generations, geographies,

and value investing styles Presents updated profiles of notable value investors such as Walter Schloss, Irving Kahn and Thomas Kahn, Jean-Marie Eveillard, Mark Mobius, and Teng Ngiek Lian Profiles international fund and asset managers from the North America, Europe and Asia Includes a chapter on the making of a successful value investor The Value Investors: Lessons from the World's Top Fund Managers, 2nd Edition is a must-read for investors looking to diversify their portfolios across different asset classes or geographic areas, finance professionals and students, and general readers with interest in value investing.

Extreme Economies - Richard Davies 2020-07-20

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, *Extreme Economies* turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these societies are pioneering the economic infrastructure of the future.

Fallocaust - Quil Carter 2014-07-09

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

Lean Construction Management - Shang Gao 2014-05-23

The book presents a mixed research method adopted to assess and present the Toyota Way practices within construction firms in general

and for firms in China specifically. The results of an extensive structured questionnaire survey based on the Toyota Way-styled attributes identified were developed and data collected from building professionals working in construction firms is presented. The quantitative data presented in the book explains the status quo of the Toyota Way-styled practices implemented in the construction industry, as well as the extent to which these attributes were perceived for lean construction management. The book highlights all the actionable attributes derived from the Toyota Way model appreciated by the building professionals, but alerts the readers that some attributes fell short of implementation. Further findings from in-depth interviews and case studies are also presented in the book to provide to readers an understanding how these Toyota Way practices can be implemented in real-life projects. Collectively, all the empirical findings presented in this book can serve to enhance understanding of Toyota Way practices in the lean construction management context. The readers are then guided through to understand the gaps between actual practice and Toyota Way-styled practices, and the measures that they may undertake to circumvent the challenges for implementation. The book also presents to readers the SWOT analysis that addresses the strengths, weaknesses, opportunities and threats towards the implementation of the Toyota Way in the construction industry. The book prescribes the Toyota Way model for use in construction firms to strategically implement lean construction management. The checklist presented in the book enables readers to draw lessons that may be used additionally as a holistic assessment tool for measuring the maturity of firms with respect to their Toyota Way implementation. Consequent to this, management would then be in a better position to develop plans for Toyota Way implementation by focusing on weak areas, strengthening them, and thus increasing the likelihood of success in the implementation of the Toyota Way. In a nutshell, this book provides a comprehensive and valuable resource for firms not only in the construction industry but also businesses outside of the construction sector to better understand the Toyota Way and how this understanding can translate to implementation of lean

construction/business management to enhance profitability and survivability in an increasingly competitive global market place.

Disciple IV - Abingdon Press 2005-05

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads naturally to an emphasis on worship in the study. Present throughout the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of

approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differ from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

Buying a Safer Car - 2003

Belle Morte Bella Higgin 2023-03-28

There's only one way out. Belle Morte. One of five houses where vampires reside as celebrities and humans are paid to be their living donors. While others came here seeking fortune, I came in search of my sister who walked into Belle Morte five months ago . . . and never walked back out. Now that I'm here, the secrets about this world prove to be much bigger than I ever anticipated. And lurking around every corner are shocking insinuations regarding what happened to my sister. There's only one person who might have the answers I need, and the undeniable pull I feel toward him is terrifying: Edmond Dantès—a vampire, and my mortal enemy. The harder I try to resist him, the further I fall under his spell. And in one instant my life is irrevocably changed. My past becomes prologue and my fate becomes sealed behind these doors. Belle Morte has spoken. And it may never let me go.

Room 555 - Cristy Wilson 2019-01-29

Fourteen-year-old Roonie loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Roonie becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Roonie to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Roonie meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Roonie face her fears, make amends with Kira and reconnect with Gram before it's too late.

Jewel - Bret Lott 2011-11-15

In the backwoods of Mississippi, a land of honeysuckle and grapevine, Jewel and her husband, Leston, are truly blessed; they have five fine children. When Brenda Kay is born in 1943, Jewel gives thanks for a healthy baby, last-born and most welcome. Jewel is the story of how quickly a life can change; how, like lightning, an unforeseen event can set us on a course without reason or compass. In this story of a woman's devotion to the child who is both her burden and God's singular way of smiling on her, Bret Lott has created a mother-daughter relationship of matchless intensity and beauty, and one of the finest, most indomitable

heroines in contemporary American fiction.

How to Sell Your Art Online - Cory Huff 2016-06-28

An essential guide for artist that teaches them how to skip the gallery system, find their niche, and connect directly with collectors to profitably sell their art. For years, galleries have acted as gatekeeper separating artists and collectors. But with the explosion of the Internet, a new generation of savvy, independent artists is connecting with buyers and making a substantial living doing what they love. How to Sell Your Art Online shows any artist how to make a successful living from their work. Cory Huff dispels the myth of the starving artist and provides the effective business strategies necessary to make artistic creations pay. He helps individual artists find their niche; outlines the elements essential for an effective website; and provides invaluable advice on e-mail marketing, blogging, social media marketing, and paid advertising—explaining how to tie all these online activities into offline success. Most importantly, he shares the secret to overcoming the biggest challenge artists face when self-marketing: learning how to tell their unique stories. Every artist has a reason for making art, but can't always find the right way to express it. Huff provides exercises artists can use to clarify the intellectual and emotional process behind their art, and teaches them how turn that knowledge into stories they can tell online and in person—and expand their reach through blogs and social media to build their art business. Drawing from the stories of successful artists, thoroughly describing how art is sold today, and providing tips on how to build connections personally and electronically, How to Sell Your Art Online illustrates the countless ways artists can take control of their creative careers—and sell their work without selling out.

Binary Options Unmasked - Anna Coulling 2015-01-17

Binary options - is it betting or trading? A debate that has been raging ever since binary options exploded onto the market, sweeping away convention, tearing up the rule book, and dividing opinion. Indeed, simply mention the word binary and instantly a heated debate will ensue. But love them or loathe them, binary options are here to stay, and Binary Options Unmasked has been written to provide traders with a balanced and considered view of these deceptively simple yet powerful instruments. There are many traps for the unwary, but there are also some solid gold nuggets, if you know where to look. Are Binary Options For Me? This is the question I hope will be answered for you in this book. In writing it, I have tried to provide a complete introduction to the subject, with practical examples of how to approach these innovative instruments. Every aspect of this market is explained - both the good and the bad. Nothing is left unsaid. Binary options have much to offer, and used with common sense and thought, are perfectly valid trading instruments. Applied unthinkingly, they become like any other instrument - a quick way to lose money fast. Binary Options Unmasked reveals the true characteristics of this market. It covers the current market participants, along with their product offering. Moreover, not only are binary options explained in detail, but their application as a trading instrument is also illustrated. Trading strategies and approaches too are explored, along with an innovative and practical approach to interpreting volatility, a key component of any options trading. I hope this book, will give you the confidence at least to consider these

instruments in more detail for yourself, with an open mind and your eyes wide open.

Development Through the Lifespan - Laura E. Berk 2013-08-05

Laura Berk's Development Through the Lifespan is relied upon in classrooms worldwide for its clear, engaging writing style, exceptional multicultural and cross-cultural focus, cutting-edge consideration of the interrelationships between heredity and environment, rich examples, and long-standing commitment to presenting the most up-to-date scholarship. This new edition continues to offer students research-based practical applications that they can relate to their personal and professional lives. Laura Berk, renowned professor and researcher, has revised the text with new pedagogy, a heightened emphasis on the interplay between heredity and environment, and an enhanced focus on many social policy issues, while emphasizing the lifespan perspective throughout. The latest theories and findings in the field are made accessible to students in a manageable and relevant way. Berk's signature storytelling style invites students to actively learn beside the text's "characters." Students are provided with an especially clear and coherent understanding of the sequence and underlying processes of human development, emphasizing the interrelatedness of all domains-physical, cognitive, emotional, social-throughout the text narrative and in special features. Berk also helps students connect their learning to their personal and professional areas of interest. Her voice comes through when speaking directly about issues students will face in their future pursuits as parents, educators, health care providers, social workers, and researchers. As members of a global and diverse human community, students are called to intelligently approach the responsibility of understanding and responding to the needs and concerns of both young and old. While carefully considering the complexities of human development, Berk presents classic and emerging theories in an especially clear, engaging writing style, with a multitude of research-based, real-world, cross-cultural, and multicultural examples. Strengthening the connections among developmental domains and of theory and research with applications, this edition's extensive revision brings forth the most recent scholarship, representing the

changing field of human development.
