The Criminal Codes - Wayne Thomas Crofts 2009

This sixth edition of *The Criminal Codes: Commentary and Materials* has been substantially revised to increase overall clarity and to ensure a balanced examination of the criminal law in the "Code" States, Queensland and Western Australia. The work has been brought up-to-date in all areas and provides valuable comment on the recent wide-reaching reforms to the law of homicide in Western Australia. Significant developments in both States discussed in this edition include: the abolition of wilful murder and infanticide, and the new definition of murder (WA); the introduction of the new offence of unlawful assault causing death (WA); the abolition of provocation to murder (WA), and whether this excuse still has a part to play (Qld); the reformulation of the excuse of self defence, and the introduction of excessive self defence (WA); the creation of offences for drink spiking (Qld and WA); and current and proposed sentencing considerations (Qld and WA).

Fundamental principles of the criminal law are illustrated throughout the book by selected extracts from the Codes and case law, while additional materials foster critical reflection on the law and the need for reform. *The Criminal Codes: Commentary and Materials*, 6th Edition is essential reading for students studying criminal law in Western Australia and Queensland.

Criminology - Stephen Eugene Brown 2013

This highly acclaimed criminology text presents an up-to-date review of rational choice theories, including deterrence, shaming, and routine activities. It also incorporates current examples of deterrence research regarding domestic violence, drunk driving, and capital punishment, and features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and causes of crime. The organization of the text reflects the fact that the etiology of crime must be at the heart of criminology. It examines contemporary efforts to redefine crime by focusing on family violence, hate crimes, white-collar misconduct with violent consequences, and other forms of human behavior often neglected by criminologists. Extensive discussion of evolving laws is included, and while the prevalence of the scientific method in the field of criminology is highlighted, the impact of ideology on explanations of crime is the cornerstone of the book. Comprehensive introductory textbook that looks at competing answers to the question, "Why do people commit crimes?" Student-friendly figures, features, highlights, and full-color photos. Each chapter includes learning objectives, discussion questions, and lists of key terms and concepts, key criminologists, and important legal cases. The eighth edition includes updates throughout and expanded coverage of biosocial theories of crime and life-course criminology.
