Created and Creating -
William Edgar 2017-03-16
The gospel of Jesus Christ is
always situated within a
particular cultural context: but
how should Christians

approach the complex
relationship between their faith
and the surrounding culture?
Should we simply retreat from
culture? Should we embrace
our cultural practices and

mindset? How important is it for us to be engaged with our culture and mindset? How might we do that with discernment and faithfulness? William Edgar offers a biblical theology in the light of our contemporary culture that contends that Christians should -- and indeed, must -- engage with the surrounding culture. By exploring what Scripture has to say about the role of culture and gleaning insights from a variety of theologians -- including Abraham Kuyper, T. S. Eliot, H. Richard Niebuhr and C. S. Lewis -- Edgar contends that cultural engagement is a fundamental aspect of human existence. He does not shy away from those passages that emphasize the distinction between Christians and the world. Yet he finds, shining through the biblical witness, evidence that supports a robust defence of the cultural mandate to 'be fruitful and multiply, and fill the earth and subdue it' (Genesis 1:28). With clarity and wisdom, Edgar argues that we are most faithful to our calling as God's

creatures when we participate in creating culture.

Cultural Engagement - Josh

Chatraw 2019-07-09

How should Christians

approach important

contemporary issues like war,

race, creation care, gender,

and politics? Christians in

every culture are confronted

with social trends and moral questions that can be difficult to navigate. But, the Bible often doesn't speak directly to such issues. Even when it does, it can be confusing to know how best to apply the biblical teaching. In *Cultural Engagement: A Crash Course in Contemporary Issues* authors Joshua D. Chatraw and Karen Swallow Prior first offer a broadly accessible framework for cultural engagement and then explore specific hot topics in current Western culture including: Sexuality Gender Roles Human Life and Reproduction Technology Immigration and Race Creation and Creature Care Politics Work Arts War, Weapons, and Capital Punishment Featuring contributions from over forty top thinkers, proponents of various views on the specific topics present their approaches in their own words, providing readers an opportunity to fairly consider options. Unique in how it addresses both big-picture questions about cultural engagement and pressing current issues,

Cultural Engagement provides a thorough and broad introduction useful for students, professors, pastors, college ministers, and any believer wanting to more effectively exercise their faith in the public square.

How Then Should We Work? -

Hugh Whelchel 2012-05

"Have you ever felt like what you do the majority of the week at work may not have any value to God? Many Christians struggle to find any meaning in their work. Many are taught it's just a place to share your faith or earn a paycheck to donate to missions.

Businessman Hugh Whelchel was just that guy but knew there had to be more. His thorough biblical investigation reveals the eternal significance of work within the grand biblical story of God's mission throughout history."--Publisher description.

Faithful Presence - David E.

Fitch 2016-12-01

Christ, reflecting God's faithful presence to a desperate world.

Reconciling All Things

Emmanuel Katongole

2010-06-21

Our world is broken and cries out for reconciliation. But mere conflict resolution and peacemaking are not enough. What makes real reconciliation possible? How is it that some people are able to forgive the most horrendous of evils? And what role does God play in these stories? Does reconciliation make any sense apart from the biblical story of redemption? Secular models of peacemaking are insufficient. And the church has not always fulfilled its call to be agents of reconciliation in the world. In *Reconciling All Things* Emmanuel Katongole and Chris Rice, codirectors of the Center for Reconciliation at Duke Divinity School, cast a comprehensive vision for reconciliation that is biblical, transformative, holistic and global. They draw on the resources of the Christian story, including their own individual experiences in

Uganda and Mississippi, to bring solid, theological reflection to bear on the work of reconciling individuals, groups and societies. They recover distinctively Christian practices that will help the church be both a sign and an agent of God's reconciling love in the fragmented world of the twenty-first century. This powerful, concise book lays the philosophical foundations for the Resources for Reconciliation, a new series from InterVarsity Press and the Center for Reconciliation at Duke Divinity School which explores what it means to pursue hope in areas of brokenness in theory and practice.

Learning for the Love of God

- Donald Opitz 2014-02-18
Most Christian college students separate their academic life from church attendance, Bible study, and prayer. Too often discipleship of the mind is overlooked if not ignored altogether. In this lively and enlightening book, two authors who are experienced in college youth ministry show students

how to be faithful in their studies, approaching education as their vocation. This revised edition of the well-received *The Outrageous Idea of Academic Faithfulness* includes updates throughout, two new substantive appendixes, personal stories from students, a new preface, and a fresh interior design. Chapters conclude with thought-provoking discussion questions.

Beauty Will Save the World - Brian Zahnd 2012

Zahnd issues a challenge to Christians to discover new vitality through re-envisioning, reimagining, and reforming the church according to the pattern of the cruciform. Power and Poverty - Dewi Hughes
2009-02-04

Throughout history poverty has

been largely unnecessary. And yet throughout history some of the earth's population have enjoyed an abundance of the goods available while others have suffered want of the most basic goods needed to sustain life. In this wide-ranging, challenging book, Dewi Hughes argues that poverty is rooted in the way human beings use and abuse power. The Scriptures remind us, as we do the work of the church, that who we are, what we say and what we do under God are inseparable-that the kingdom of God is not merely a matter of words, but of power. The Space Between (Cultural Exegesis) - Eric O. Jacobsen
2012-08-01

The entire material world can be divided between the Natural Environment and the Built

Environment. Over the past forty years, the Natural Environment has received more attention of the two, but that is beginning to change. With a renewed interest in "place" within various academic disciplines and the practical issues of rising fuel costs and scarcity of land, the Built Environment has emerged as a coherent and engaging subject for academic and popular consideration. While there is a growing body of work on the Built Environment, very little approaches it from a distinctly Christian perspective. This major new work represents a comprehensive and grounded approach. Employing tools from the field of theology and culture, it demonstrates how looking at the Built Environment through a theological lens provides a unique perspective on questions of beauty, justice, and human flourishing.

Cultural Apologetics - Paul M. Gould 2019-03-12

Renewing the Christian voice, conscience, and imagination so

that we can become compelling witnesses of the Gospel in today's culture. Christianity has an image problem. While the culture we inhabit presents us with an increasingly anti-Christian and disenchanted position, the church in the West has not helped its case by becoming anti-intellectual, fragmented, and out of touch with the relevancy of Jesus to all aspects of contemporary life. The muting of the Christian voice, its imagination, and its collective conscience have diminished the prospect of having a genuine missionary encounter with others today. Cultural apologetics attempts to demonstrate not only the truth of the Gospel but also its desirability by reestablishing Christianity as the answer that satisfies our three universal human longings—truth, goodness, and beauty. In Cultural Apologetics, philosopher and professor Paul Gould sets forth a fresh and uplifting model for cultural engagement—rooted in the biblical account of Paul's speech in Athens—which

details practical steps for establishing Christianity as both true and beautiful, reasonable and satisfying. You'll be introduced to: The idea of cultural apologetics as distinct from traditional apologetics. The path from disenchantment with how we understand reality to re-enchantment with the reality of the spiritual nature of things. The practical tools of good cultural engagement: conscience, reason, and imagination. Equip yourself to see, and help others see, the world as it is through the lens of the Spirit—deeply beautiful, mysterious, and sacred. With creative insights, Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable, offering clarity for those who have become disoriented in the haze of modern Western culture.

Culture Making - Andy Crouch

culture or consume culture. The only way to change culture is to create culture. Andy Crouch unleashes a stirring manifesto calling Christians to be culture makers. By making chairs and omelets, languages and laws, we participate in God's own making and transforming of culture.

The Life We're Looking For -
Andy Crouch 2022-04-19

A deeply reflective primer on creating meaningful connections, rebuilding abundant communities, and living in a way that engages our full humanity in an age of unprecedented anxiety and loneliness—from the author of The Tech-Wise Family “Andy Crouch shows the path to reclaiming a life that restores the heart of what it means to thrive.”—Arthur C. Brooks, #1 New York Times bestselling author of From Strength to Strength Our greatest need is to be recognized—to be seen,

loved, and embedded in rich relationships with those around us. But for the last century, we've displaced that need with the ease of technology. We've dreamed of mastery without relationship (what the premodern world called magic) and abundance without dependence (what Jesus called Mammon). Yet even before a pandemic disrupted that quest, we felt threatened and strangely out of place: lonely, anxious, bored amid endless options, oddly disconnected amid infinite connections. In *The Life We're Looking For*, bestselling author Andy Crouch shows how we have been seduced by a false vision of human flourishing—and how each of us can fight back. From the social innovations of the early Christian movement to the efforts of entrepreneurs working to create more humane technology, Crouch shows how we can restore true community and put people first in a world dominated by money, power, and devices. There is a way out of our impersonal world, into a world

where knowing and being known are the heartbeat of our days, our households, and our economies. Where our vulnerabilities are seen not as something to be escaped but as the key to our becoming who we were made to be together. Where technology serves us rather than masters us—and helps us become more human, not less.

The Tech-Wise Family - Andy Crouch
2017-04-18

Making conscientious choices about technology in our families is more than just using internet filters and determining screen time limits for our children. It's about developing wisdom, character, and

courage in the way we use digital media rather than accepting technology's promises of ease, instant gratification, and the world's knowledge at our fingertips. And it's definitely not just about the kids. Drawing on in-depth original research from the Barna Group, Andy Crouch shows readers that the choices we make about technology have consequences we may never have considered. He takes readers beyond the typical questions of what, where, and when and instead challenges them to answer provocative questions like, Who do we want to be as a family? and How does our use of a particular technology move us closer or farther away from that goal? Anyone who has felt their family relationships suffer or their time slip away amid technology's distractions will find in this book a path forward to reclaiming their real life in a world of devices.

My Tech-Wise Life Amy Crouch 2020-11-17

While most of her peers were obsessed with their iPhones,

Instagramming and Snapchatting their lives, and glued to streaming TV, 19-year-old Amy Crouch was growing up with minimal technology. In *My Tech-Wise Life*, she and her father, Andy Crouch, share how intentional and controlled use of modern devices, apps, and services has helped her avoid many of the negative experiences of her peers and cultivate positive experiences interacting with the real world. With writing that connects on a teen-to-teen level, Amy and Andy unpack tech temptations--such as the temptation to distract ourselves from any potentially boring or awkward situation, or to stay up-to-date with every notification and trend--and then offer antidotes that lead to more patience, wisdom, honesty, and wonder in life. If you're in high school or college and devices and social media are affecting your friendships and family life, your sense of self-worth, or even how well you think you know yourself, this book will help you reevaluate your relationship with technology--and renew

your relationship with the world around you.

Everyday Theology (Cultural Exegesis) - Kevin J. Vanhoozer 2007-03-01

Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus Christ. In other words, theology is not just for Sundays, and it's not just for professional theologians. Everyday Theology teaches all Christians how to get the theological lay of the land. It enables them to

become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it. If theology is the ministry of the Word to the world, everyday theologians need to know something about that world, and Everyday Theology shows them how to understand their culture make an impact on it. Engaging and full of fresh young voices, this book is the first in the new Cultural Exegesis series.

Many Colors - Soong-Chan Rah 2010-09-01

The United States is currently undergoing the most rapid demographic shift in its history. By 2050, white Americans will no longer comprise a majority of the population. Instead, they'll be the largest minority group in a country made up entirely of minorities, followed by Hispanic Americans, African Americans, and Asian Americans. Past shifts in America's demographics always reshaped the country's religious landscape. This shift will be no different. Soong-Chan Rah's book is intended to

equip evangelicals for ministry and outreach in our changing nation. Borrowing from the business concept of "cultural intelligence," he explores how God's people can become more multiculturally adept. From discussions about cultural and racial histories, to reviews of case-study churches and Christian groups that are succeeding in bridging ethnic divides, Rah provides a practical and hopeful guidebook for Christians wanting to minister more effectively in diverse settings. Without guilt trips or browbeating, the book will spur individuals, churches, and parachurch ministries toward more effectively bearing witness to the gospel of Jesus Christ, the Good News for people of every racial and cultural background. Its message is positive; its potential impact, transformative.

When the Kings Come

Marching In - Richard J. Mouw
2002-05-08

Widely respected for his perspectives on faith in the modern world, Richard J. Mouw has long stood at the forefront of the Christ and culture debate. In *When the Kings Come Marching In* here revised and updated Mouw explores the religious transformation of culture as it is powerfully pictured in Isaiah 60. In Isaiah 60 the prophet envisions the future transformation of the city of Jerusalem, a portrayal of the Holy City that bears important similarities to John's vision of the future in Revelation 21 and 22. Mouw examines these and other key passages of the Bible, showing how they provide a proper pattern for cultural involvement in the present. Mouw identifies and discusses four main features of the Holy City: (1) the wealth of the nations is gathered into the city; (2) the kings of the earth march into the city; (3) people from many nations are drawn to the city; and (4) light pervades the city. In drawing

out the implications of these striking features, Mouw treats a number of relevant cultural issues, including Christian attitudes toward the processes and products of commerce, technology, and art; the nature of political authority; race relations; and the scope of the redemptive ministry of Jesus Christ. The volume culminates in an invaluable discussion of how Christians should live in the modern world. Mouw argues that believers must go beyond a narrow understanding of the individual pilgrim's progress to a view of the Christian pilgrimage wherein believers work together toward solving the difficult political, social, and economic problems of our day.

Christ and Culture Revisited
- D. A. Carson 2012-01-31

Called to live in the world, but not to be of it, Christians must maintain a balancing act that becomes more precarious the further our culture departs from its Judeo-Christian roots. How should members of the church interact with such a culture, especially as deeply

enmeshed as most of us have become? In this award-winning book -- now in paperback and with a new preface -- D. A. Carson applies his masterful touch to that problem. After exploring the classic typology of H. Richard Niebuhr with its five Christ-culture options, Carson offers an even more comprehensive paradigm for informing the Christian worldview. More than just theoretical, *Christ and Culture Revisited* is a practical guide for helping Christians untangle current messy debates about living in the world.

Disappearing Church - Mark Sayers 2016-01-19

When church and culture look the same... For the many Christians eager to prove we can be both holy and cool, cultural pressures are too much. We either compartmentalize our faith or drift from it altogether—into a world that’s so alluring. Have you wondered lately: Why does the Western church look so much like the world? Why are so many of my friends leaving the faith? How can we get back

to our roots? *Disappearing Church* will help you sort through concerns like these, guiding you in a thoughtful, faithful, and hopeful response. Weaving together art, history, and theology, pastor and cultural observer Mark Sayers reminds us that real growth happens when the church embraces its countercultural witness, not when it blends in. It’s like Jesus said long ago, “If the salt loses its saltiness, it is no longer good for anything...”

Living at the Crossroads - Michael W. Goheen 2008-11-01

How can Christians live faithfully at the crossroads of the story of Scripture and postmodern culture? In *Living at the Crossroads*, authors Michael Goheen and Craig Bartholomew explore this question as they provide a general introduction to Christian worldview. Ideal for both students and lay readers, *Living at the Crossroads* lays out a brief summary of the biblical story and the most fundamental beliefs of Scripture. The book tells the story of Western culture from

the classical period to postmodernity. The authors then provide an analysis of how Christians live in the tension that exists at the intersection of the biblical and cultural stories, exploring the important implications in key areas of life, such as education, scholarship, economics, politics, and church.

Strong and Weak- Andy Crouch 2016-02-11

Two common temptations lure us away from abundant living—withdrawing into safety or grasping for power. True flourishing, says Andy Crouch, travels down an unexpected path—being both strong and weak. Regardless of your stage or role in life, here is a way of love and risk so that we all, even the most vulnerable, can flourish.
