As for the normativity of the natural goods, human virtues and human flourishing, philosophical studies in contemporary culture, it needs securing: one of the foremost books the normativity of the natural goods, human virtues and human flourishing philosophical studies in contemporary culture collections that we have.

This is why you remain in the best website to see the incredible readable material or book collections.

Normativity - Wikipedia

Normativity is the placement in human societies of designating some actions or outcomes as good, desirable, or permissible, and others as bad, undesirable, or impermissible. It is one of the important areas for debates about behavior or outcomes. Normativity is sometimes also used, in a narrower sense, to mean the ground on which actions take place or appear to take place.

Practical Reason - Stanford Encyclopedia of Philosophy

(2013, 2018) A natural way to approach the problem of value is to contrast it with the standpoint of theoretical reason. The latter standpoint is activated when we engage in reasoning that directed to the creation of questions that are in some sense theoretical (rather than practical) but that we use to substantiate the judgement between the theoretical and the practical.
