Jan 18, 2012 · Augustus is well known for being the first Emperor of Rome, but even more than that, for being a self-proclaimed “Restorer of the Republic.” He believed in ancestral values such as monogamy, chastity, and piety (virtue). Thus, he introduced a number of moral and political reforms in order to improve Roman society and formulate a new Roman government and lifestyle.

Feb 22, 2017 · The social construction of Health and Illness. Introduction. A social vision of medicine seems to move attention to the promotion and information of health, on the social, cultural, political and economic health in terms of factors and variables in relation to each other without forgetting that the center is the individual.

The Social Dimensions of Scientific Knowledge (Stanford
Apr 12, 2002 · A new generation of sociologists of science, among them Barry Barnes, Steven Shapin, and Harry Collins, took Kuhn’s emphasis on the role of non-evidential community factors in scientific change even further than he had and argued that scientific judgment was determined by social factors, such as professional interests and political ideologies

Social Construction of Reality - Introduction to Sociology
Symbolic interactionists offer another lens through which to analyze the social construction of reality. With a theoretical perspective focused on the symbols (like language, gestures, and artifacts) that people use to interact, this approach is interested in how people interpret those symbols in daily interactions.
