Tom Hartley- Tom Hartley 2021-03-16

The car world is full of fascinating characters, but few have a story to tell quite as remarkable and inspirational as Tom Hartley. Walking out of school at the age of 11, unable to read or write, Hartley set up his own business buying and selling cars. From that moment, he defied logic and ripped up the rule book on his way to the top. Today he runs one of the most successful independent family run performance and luxury car

businesses in the world. He has built up an unrivalled reputation as "The Dealmaker." Tom has been at the top for over 40 years, survived and thrived through four recessions, and overcome three life threatening illnesses. In his own brutally honest words, Hartley tells his gripping story of a boy from a traditional Romany family who swapped the classroom for the cut-throat world of Glasgow's car auctions, buying and selling his first car at the age of 12. Having decided to drive himself around illegally, he was only 15 when he had his first car crash, and they don't come more spectacular than writing off a Ferrari Dino - nothing has ever been normal in the world of Tom Hartley! Hartley had made his first million by the age of 17, but soon suffered major setbacks as his business went bust, and he found himself at risk of losing his sight without major surgery. Hartley started all over again, living in a mobile home with his wife and working from the back of a car. He had gone from hero to zero, but his burning desire to be the best saw him climb his way back to the top. His ability to clinch deals in some of the most bizarre places has become legendary, like buying a car in a sauna, while stuck in a traffic jam on a motorway, and even in a swimming pool! Family has played a key part in the Tom Hartley story, his wife has been at his side all the way, and his two sons have followed closely in their father's footsteps. Indeed Tom's belief in family is one of the inspiring messages that comes through. Hartley's inspirational story is about the unshakeable belief in his own abilities, from a precocious schoolboy who had a dream, and then through sheer hard work and a burning desire to make the dream come true. This is not just a book for car enthusiasts but for anyone who has dared to dream. It's a story that will inspire and motivate, and proves you can make the wildest dream come true if you want it badly enough. Tom's remarkable story is written with the collaboration of journalist Ken Gibson, for 24 years, award-winning Motoring Editor of The Sun newspaper.

Mercedes-Benz W114 and W115 - James Taylor 2021-03-22

The W114 and W115 models were enormously successful for Mercedes-Benz, and their sales in nine years of production between 1967 and 1976 almost equalled the total of all Mercedes passenger models built in the 23 years between 1945 and the time of their introduction in 1968. There were many reasons for this success, but perhaps the most important was that Mercedes expanded the range to include a simply vast amount of variants including four-cylinder and six-cylinder petrol engines, four-cylinder diesels; saloons, coupes and long-wheelbase models. With around 200 photographs, this book features the story of the design and development of the W114 and W115 ranges. It gives full technical specifications, including paint and interior trim choices; includes a chapter on the special US variants; gives production tables and model type codes and explores the Experimental Safety Vehicles developed from these cars. Finally, there is a chapter on buying and owning a 114- or 115-series Mercedes.
