Four years after John Wilkerson claims the mermaid Tamarind for his wife, they have an idyllic marriage that depends on a talisman that she crafted on their island paradise. But Tamarind learns a painful truth: it takes more than legs to live on land and more than magic to sustain a bond. When the talisman breaks, she and John are forced to rely on themselves instead of magic. Three wise women play key roles in the young lovers' journey to mature love. Ana, Tamarind's aging mentor, casts spells and performs seductions to keep the lovers apart. Valerie, an expat jewelry maker cum fairy godmother, works her own magic to bring them

After being touched by the sun at birth, Princess Arianna has grown up imprisoned between two worlds, neither fully mermaid nor fully human. Her life is one of solitude and dreams. But when she loses her family and her kingdom in a war between man and merfolk, she is forced to flee into the arms of the very people who want nothing to do with her kind. Her only hope of protection lies in the penniless prince that she

once saved and his two boisterous nieces. Prince Michael is at his wit's end. After the great maritime war, he must clean up the pieces of neglect, folly, and evil that his grandfather has left behind. With his people starving and his treasury nearly empty, the familiar girl from the past that falls piteously at his feet cannot be afforded his attention. He has only the resources and time for the barest of good deeds to pay back that which she gave him. But the more Michael begins to hear the girl beneath her silence, the more he realizes she just might be the distraction he cannot survive without. All the while, a darkness is beginning to poison the ocean, and an evil foreseen by neither Arianna nor Michael threatens the very existence of both peoples. If they wish to restore their kingdoms, Arianna and Michael will need to reassess their alliances, their beliefs, and an ancient prophecy that's been all but forgotten. Most importantly, however, they will need to decide whether or not they can move past their personal pain and trust

one another. Because if they can't, everything and everyone they love will fall. A surprising take on Hans Christian Anderson's classic tale, Mermaid is the story of two women with everything to lose. Princess Margrethe has been hidden away while her kingdom is at war. As Margrethe nurses the handsome stranger back to health, she learns that not only is he a prince, he is also the son of her father's greatest rival. Sure that the mermaid brought this man to her for a reason, Margrethe devises a plan to bring peace to her kingdom. Meanwhile, the mermaid princess Lenia longs to return to the human man she carried to safety. She is willing to trade her home, her voice, and even her health for legs and the chance to win

his heart.... Beautifully written and compulsively readable, Mermaid will make you think twice about the fairytale you heard as a child, keeping you in suspense until the very last page.

Chasing Tail - Jb Trepagnier 2021-08-09

A sad little mermaid trades her voice for legs to get a stupid human prince to fall in love with her. What a crock. That wasn't how my story went at all. That's not even how mermaids work. We can have legs whenever we want them. We just mostly choose not to because we dislike people who live on land. I never would have set foot there, but I needed to kill a druid king. Yeah, the little mermaid didn't come on land to fall in love with a prince. She went there to kill a king. There are rules. Certain waters are off limits for the land dwellers. He came to my home in a large ship and killed several of my friends. The sea council might want to let that slide, but he killed my sister, so now I have to end him. Getting close enough to the king to kill him is going to be hard. He has three sons that could be my answer to living through this. They aren't bad for druid royalty. Two of them are kindle and gentle. The other is a little mean in a way I can appreciate. Still, I don't trust any druid. Out

of all the supernatural creatures on land, they are the worst. A lot of their magic requires bits from living beings and their ethics on getting those aren't exactly sound. I might like his sons, but this can't go anywhere. Most people tend to balk at relationships when you kill their father. I won't stop until it's done. I owe it to my sister.
