*Zel da* - Nancy Milford 2013-04-30

"Profound, overwhelmingly moving . . . a richly complex love story." — New York Times Acclaimed biographer Nancy Milford brings to life the tormented, elusive personality of Zelda Sayre and clarifies as never before Zelda's relationship with her husband F. Scott Fitzgerald—tracing the inner disintegration of a gifted, despairing woman, torn by the clash between her husband's career and her own talent. Zelda Sayre's stormy life spanned from notoriety as a spirited Southern beauty to success as a gifted novelist and international celebrity at the side of her husband, F. Scott Fitzgerald. Zelda and Fitzgerald were one of the most visible couples of the Jazz Age, inhabiting and creating around them a world of excitement, romance, art, and promise. Yet their tumultuous relationship precipitated a descent into depression and mental instability for Zelda, leaving her to spend the final twenty years of her life in hospital care, until a fire at a sanitarium claimed her life. Incorporating years of exhaustive research and interviews, Milford illuminates Zelda's nuanced and elusive personality, giving character to both her artistic vibrancy and to her catastrophic collapse.

**Javatrekker** - Dean Cycon 2007-10-17

In each cup of coffee we drink the major issues of the twenty-first century-globalization, immigration, women's rights, pollution, indigenous rights, and self-determination-are played out in villages and remote areas around the world. In *Javatrekker: Dispatches from the World of Fair Trade Coffee*, a unique hybrid of Fair Trade business, adventure travel, and cultural anthropology, author Dean Cycon brings readers face-to-face with the real people who make our morning coffee ritual possible. Second only to oil in terms of its value, the coffee trade is complex with several levels of middlemen removing the 28 million growers in fifty distant countries far from you and your morning cup. And, according to Cycon, 99 percent of the people involved in the coffee economy have never been to a coffee village. They let advertising and images from the major coffee companies create their worldview. Cycon changes that in this compelling book, taking the reader on a tour of ten countries in nine chapters through his passionate eye and unique perspective. Cycon, who is himself an amalgam-equal parts entrepreneur, activist, and mischievous explorer-has traveled extensively throughout the world's tropical coffeelands, and shows readers places and people that few if any outsiders have ever seen. Along the way, readers come to realize the promise and hope offered by sustainable business principles and the products derived from cooperation, fair pricing, and profit sharing. Cycon introduces us to the Mamos of Colombia-holy men who believe they are literally holding the world together-despite the severe effects of climate change caused by us, their "younger brothers." He takes us on a trip through an ancient forest in Ethiopia where many believe that coffee was first discovered 1,500 years ago by the goatherd Kaldi and his animals. And readers learn of Mexico's infamous Death Train, which transported countless immigrants from Central America northward to the U.S. border, but took a horrifying toll in lost lives and limbs. Rich with stories of people, landscapes, and customs, *Javatrekker* offers a deep appreciation and understanding of the global trade and culture of coffee. In each cup of coffee we drink the major issues of the twenty-first century-globalization, immigration, women's rights, pollution, indigenous rights, and self-determination-are played out in villages and remote areas

around the world. What is Fair Trade Coffee? Coffee prices paid to the farmer are based on the international commodity price for coffee (the "C" price) and the quality premium each farmer negotiates. Fair Trade provides an internationally determined minimum floor price when the C plus premium sinks below \$1.26 per pound for conventional and \$1.41 for organics (that's us!). As important as price, Fair Trade works with small farmers to create democratic cooperatives that insure fair dealing, accountability and transparency in trade transactions. In an industry where the farmer is traditionally ripped off by a host of middlemen, this is tremendously important. Cooperatives are examined by the Fairtrade Labeling Organization (FLO), or the International Fair Trade Association (IFAT), European NGOs, for democratic process and transparency. Those that pass are listed on the FLO Registry or become IFAT members. Cooperatives provide important resources and organization to small farmers in the form of technical assistance for crop and harvest improvement, efficiencies in processing and shipping, strength in negotiation and an array of needed social services, such as health care and credit. Fair Trade also requires pre-financing of up to sixty percent of the value of the contract, if the farmers ask for it. Several groups, such as Ecologic and Green Development Fund have created funds for pre-finance lending.

*Desde Cual qui er Punto De Vi st* Jorge Biggs 2010-02-23

*Desde Cualquier Punto de Vista* Desde Cualquier Punto de Vista es una mirada audaz a Santiago de Chile. Con una prosa rpida, un constante cambio de narrador y una irreverencia que no se le conoca en textos anteriores, Biggs aborda los problemas de la vida cotidiana en una historia que pudo ser la suya. El relato central, es el de un ejecutivo exitoso (Carlos Sims) que estando en la cima de su carrera, enfrenta un sorpresivo despido, con todo lo que ello implica: prdida del automvil de la empresa, del chofer y de mil prebendas que crea que seran para siempre. El tema no es menor, cuando va acompaado del relato de personajes como el junior de la oficina, (Pablo Carreo), quien junto a su amigo Sebastin (con una ambigedad sexual el primero y una abierta homosexualidad el segundo), organizan una Brigada de Asalto cuyo financiamiento en una primera etapa est a cargo de una fbrica de condones que ellos mismos han montado. Personajes como la madre de Sebastin (Mara Elena Lillo) antigua combatiente del VOP, de la secretaria (Melinda) que es capaz de cualquier cosa con tal de no fallarle a su jefe, o del sub gerente (Claudio Valds Fonk) quien con un clculo cnico y sin frontera aspira al cargo mximo, se armonizan en forma sinfnica con la suegra del protagonista, que es vctima del terrible mal de Alzheimer, y de su esposa, una mujer de clase quien, desde su soledad pasiva, ve transformarse su entorno sin tener recursos ni respuestas para enfrentar el derrumbe del mundo en que creci. La novela transcurre con una velocidad abismante con una serie de otros personajes tan reales como los que construye Biggs los que van relatando una historia lineal y transversal a la vez, desde su personal punto de vista. Desde Cualquier Punto de Vista (From Any

Point of View) is an audacious look at Santiago de Chile. With fast prose, a constant change of narrator and with an irreverence that we didn't see in his previous books, Biggs faces the problems of everyday life in a story that could be your own. The central plot involves a very successful executive (Carlos Sims) who, at the peak of his career, is unexpectedly fired, hence, facing all the losses: the company car, the chauffeur, and thousands of other perks he thought would last forever. This theme is knit with the story of a sexually ambiguous junior executive (Pablo Carreo) and his homosexual friend Sebastin, who together decide to organize a Brigade of Assault, financed by a condom factory. The story is filled with rich characters like Sebastin's mother (Mara Elena Lillo), a former V.O.P. Militant (an armed leftist group in Chile during the sixties); Melinda, the secretary who is ready to do anything for her boss; or the assistant manager, (Claudio Valds Fonk) who's trying to claw his way to the top of the Company with a lack of scruples and a cynical attitude. Woven into this rich tapestry is Carlos' mother-in-law, a victim of Alzheimers; his wife, a woman with class who, from her passive loneliness, sees her world fall apart without having means or answers to face the destruction of the world she grew up in. Biggs has created a novel of breathless speed with a series of other characters that tell the story in a lineal and transversal way, from their own point of view.

**The Power of Prayer in a Believer's Life** - Charles Haddon Spurgeon 1993

Long before the megachurch, nearly 6,000 people crowded every service to hear Charles Spurgeon. Discover why his masterful preaching astonished his era! Considered by his peers then and now as "The Prince of Preachers", Charles Spurgeon built London's Metropolitan Tabernacle into the world's largest independent congregation during the nineteenth century. While many factors have been highlighted that help explain the effectiveness of Spurgeon's preaching, the foremost secret that empowered Charles Spurgeon was his devotion to prayer. When people would walk through the Metropolitan Tabernacle, Spurgeon would take them to the basement prayer room where people were always on their knees interceding for the church. Then Spurgeon would declare, "Here is the powerhouse of this church. That statement is backed by the amazing number of sermons that Spurgeon preached on prayer. Spurgeon was a great believer and teacher in passionate, Holy Spirit-directed prayer. His word pictures of the majestic throne of grace that God calls believers to be privileged to come before is well worth the price of the book alone. You will be inspired and challenged in your prayer life, especially if you experience struggles in prayer.

One Tribe at a Time - Jim Gant 2014-03-26

"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's One Tribe at a Time. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly...and there is enormous power in that." -- General David H. Petraeus (U.S. Army, Ret.) quoted in American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant.

The Silent WitnessesBrittainy C. Cherry 2016-09-27

Moments. Our lives are a collection of moments. Some utterly painful and full of yesterday's hurts. Some beautifully hopeful and full of tomorrow's promises. I've had many moments in my lifetime, moments that changed me, challenged me. Moments that scared me and engulfed me. However, the biggest ones-the most heartbreaking and breathtaking ones-all included him. I was ten years old when I lost my voice. A piece of me was stolen away, and the only person who could truly hear my silence was Brooks Griffin. He was the light during my dark days, the promise of tomorrow, until tragedy found him. Tragedy that eventually drowned him in a sea of memories. This is the story of a boy and girl who loved each other, but didn't love themselves. A story of life and death. Of love and broken promises. Of moments. (Book Three in the Elements Series. Complete Standalone.)

Frantz Fanon - Alejandro J. De Oto 2022

Focusing on the contributions of Frantz Fanon's writing to the construction of a theory of the postcolonial subject, this book engages post-structuralist discussions on subjectivity and explores the most important readings and discussions of Fanon's work. Problems such as historicity, contingency, and the positions of the subject in postcolonial contexts receive special attention together with phenomenological approaches to Fanonian writing. The central idea is to give Fanon a privileged place in social, political, and cultural analysis. The objectives of the book are to insert Fanon's texts in contemporary critical theory on modernity

and coloniality and to incorporate Fanon in the epistemological and conceptual context of the academy. This innovative work allows us to understand Fanon's writing as key to linking the experiences and critical developments between the global south and the global north.

War by Candlelight - Daniel Alarcón 2009-10-13

"[Alarcón's] tales, set largely in the hardscrabble world of Lima, build with all the power of a Flannery O'Connor story: a gentle enough start, an innocent setting, and before long the reader is adrift in a drama that defies the imagination—with characters that live long after the book is closed." — Washington Post Book World In this exquisite story collection, Daniel Alarcón moves from Third World urban centers to the fault lines that divide nations and people to illuminate wars, both national and internal, waged in jungles, across the borders, in the streets of Lima, and in the intimacy of New York apartments. He tells of lives at the margins: an unrepentant terrorist remembers where it all began, a would-be emigrant contemplates the ramifications of leaving and never coming back, a reporter turns in his pad and pencil for the inglorious costume of a street clown. War by Candlelight is a devastating portrait of a world in flux from an extraordinary new voice in literary fiction, one you will not soon forget.

De Sortibus - Thomas Aquinas 2021-01-13

This book makes De Sortibus, Thomas Aquinas's letter to a friend on the casting of lots, available in clear English for the first time. The letter was written around 1270 and was prompted by the question of whether lots could be used to seek God's will in the appointment of a bishop. We've all tossed a coin, or pulled straws to see who goes first, or opened the Bible to see if we could resolve an issue with a message from God. These are the kinds of things that Aquinas talks about to show us when casting lots is a good idea and when it's just superstition. The translation is accompanied by an introduction that sets the letter in its historical context, a brief overview of the life of Thomas Aquinas, and eight short essays that shine light from different angles onto this delightful work. This letter serves as a great gateway into the thought and method of one of the world's greatest thinkers.

**Turing's Delirium** - Edmundo Paz Soldán 2007-06-01

Set in a near-future Bolivia, this “hybrid of cyberpunk and political thrillers [is] sleek, brisk, and clever” (Entertainment Weekly). Set against a backdrop of advancing globalization, this award-winning, “fast-paced” literary thriller puts a cutting-edge digital spin on the age-old fight between the oppressed and the oppressor (The Miami Herald). The South American town of Río Fugitivo is on the verge of a social revolution—not a revolution of strikes and street riots, but a war waged electronically, in which computer viruses are the weapons and hackers the revolutionaries. In this war of information, the lives of a variety of characters become entangled: Kandinsky, the mythic leader of a group of hackers fighting the government

and transnational companies; Albert, the founder of the Black Chamber, a state security firm charged with deciphering the secret codes used in the information war; and Miguel “Turing” Sáenz, the Black Chamber's most famous codebreaker, who begins to suspect his work is not as innocent as he once supposed. All converge to create a “propulsive” novel about personal responsibility and complicity in a world defined by the ever-increasing gulfs between the global and the local, government and society, the virtual and the real (Publishers Weekly, starred review). Turing's Delirium “combines the excitement of a political thriller with the intellectual ambition of a literary novel” (San Francisco Chronicle). “If William Gibson were a Bolivian, this might be the kind of novel he'd be writing.” —Chicago Tribune

*Let the Devil Sleep (Dave Gurney, No Job)* Verdon 2012-07-24

In this latest novel from bestselling author John Verdon, ingenious puzzle solver Dave Gurney puts under the magnifying glass a notorious serial murder case - one whose motives have been enshrined as law-enforcement dogma - and discovers that everyone has it wrong. The most decorated homicide detective in NYPD history, Dave Gurney is still trying to adjust to his life of quasi-retirement in upstate New York when a young woman who is producing a documentary on a notorious murder spree seeks his counsel. Soon after, Gurney begins feeling threatened: a razor-sharp hunting arrow lands in his yard, and he narrowly escapes serious injury in a booby-trapped basement. As things grow more bizarre, he finds himself reexamining the case of The Good Shepherd, which ten years before involved a series of roadside shootings and a rage-against-the-rich manifesto. The killings ceased, and a cult of analysis grew up around the case with a consensus opinion that no one would dream of challenging -- no one, that is, but Dave Gurney. Mocked even by some who'd been his supporters in previous investigations, Dave realizes that the killer is too clever to ever be found. The only gambit that may make sense is also the most dangerous - to make himself a target and get the killer to come to him. To survive, Gurney must rely on three allies: his beloved wife Madeleine, impressively intuitive and a beacon of light in the gathering darkness; his de-facto investigative “partner” Jack Hardwick, always ready to spit in authority's face but wily when it counts; and his son Kyle, who has come back into Gurney's life with surprising force, love and loyalty. Displaying all the hallmarks for which the Dave Gurney series is lauded -- well-etched characters, deft black humor, and ingenious deduction that ends in a climactic showdown - Let the Devil Sleep is something more: a reminder of the power of self-belief in a world that contains too little of it.
