Japanese Grammar - Nobuo Akiyama 2012-06-21
A concise summary of Japanese grammar is presented for beginning students of the language. Topics include parts of speech, sentence structure, idioms, and pronunciation advice. All Japanese words are presented phonetically. Important points of grammar or vocabulary, as well as subject heads, are printed in a second color as a quick-reference aid for students. New to this edition is a Japanese-English vocabulary list.
Japanese from Zero! - 1 George Trombley 2006-05-01
"The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction.
I Think I Am In Friend-Love With You Yumi Sakugawa 2013-12-06
Presents a cartoon that depicts the special bond between friends, that thrives on swapping books, mutual reblogs, and the happiness felt when together, known as friend-love.
Japanese for Everyone - Susumu Nagara 1994-10-01

Honest Work - Joanne B. Ciulla 2007
Each reading and case is followed by questions for discussion. Offering an alternative to the impersonal tone of most business ethics texts, the editors address students in an appealing and conversational manner. They provide chapter introductions that include personal narratives and also present the ideas of great philosophers in a unique way - as emails." "Ideal for introductory undergraduate and MBA courses in business ethics, Honest Work: A Business Ethics Reader can be read as a coherent narrative but also offers instructors great flexibility, as its various chapters, readings, and cases can be pursued in almost any order. A Companion Website features chapter objectives and summaries, study questions, self-tests, and off-site links of interest."--BOOK JACKET.
Bessatsu goishū - 2009-12

New Horizons in Language Learning and Teaching - Gabriela Trejo 2021-01-06
The papers gathered together in this volume deal with research on language acquisition, language learning and teaching, evaluation, learning experiences in international contexts, and particular challenges of the teaching of languages. The contributions included here constitute an inspiring sample of the work done either by Latin American scholars or in the Latin American context of language learning that will also be relevant to other settings and contexts. As such, the book will appeal to all those involved in the process of teaching and learning of languages.
How to Be Funny - Jon Macks 2010-06-15
An invaluable guide on how to "lighten up" from a distinguished pro who has provided laughs for JAY LENO, BILLY CRYSTAL, STEVE MARTIN, ROBIN WILLIAMS, BRAD GARRETT, WHOOPI GOLDBERG, AND MANY MORE. Who hasn't wished for the perfect withering comeback line, a clever tension-breaking quip, or a winning flirtatious remark? Being funny is hard work and not everyone is a natural. How to Be Funny is a witty guide that teaches readers precisely how to be funnier in everyday

life. It's a must-read for anyone who has to speak in public, be engaging and funny at work or at play, or who hopes to one day go out on a date. Jon Macks, a comedy writer for The Tonight Show with Jay Leno, the Academy Awards, the Emmy Awards, Hollywood Squares, and the nation's top comedians, politicians, and corporate leaders, knows his funny business. Here he demystifies the process of making people laugh, breaks down the basic building blocks and types of humor -- which include self-deprecation, misdirection, deadpan delivery, sarcasm, and "the reverse" -- and reveals the best approaches to use in common situations. How to Be Funny features helpful (and hilarious) tips and anecdotes from the comic legends Mack's worked with -- including Jay Leno, Arsenio Hall, Gilbert Gottfried, Billy Crystal, Rita Rudner, Dave Barry, and Carrie Fisher -- in his eleven years as one of the nation's top television writers. Whether the goal is to give a memorable public address or deliver a killer line with friends, How to Be Funny is a charming, instructive, and practical read.
Computational and Cognitive Approaches to Narratology - Ogata, Takashi 2016-07-15
Studying narratives is often the best way to gain a good understanding of how various aspects of human information are organized and integrated—the narrator employs specific informational methods to build the whole structure of a narrative through combining temporally constructed events in light of an array of relationships to the narratee and these methods reveal the interaction of the rational and the sensitive aspects of human information. Computational and Cognitive Approaches to Narratology discusses issues of narrative-related information and communication technologies, cognitive mechanism and analyses, and theoretical perspectives on narratives and the story generation process. Focusing on emerging research as well as applications in a variety of fields including marketing, philosophy, psychology, art, and literature, this timely publication is an essential reference source for researchers, professionals, and graduate students in various information technology, cognitive studies, design, and creative fields.
Language in Public Spaces in Japan - Nanette Gottlieb 2014-06-11
This book throws light on ideologies, practices and sociocultural developments currently shaping language use in Japan by departing from the more common investigation of language in private contexts and examining aspects of the language found in a range of significant public spaces, from the material (an international airport, the streets of Tokyo, the JSL classroom in Japan and courtrooms) to the electronic (television dramas, local government web pages and cyberspace). Through its study of the language encountered in such settings, the volume provides a deeper understanding of multifaceted aspects of linguistic diversity, both in terms of the use of languages other than Japanese and of issues relating to the Japanese language itself. The variety of theoretical approaches brought to bear by contributing authors ensures a substantial intellectual contribution to the literature on language in contemporary Japan. This book was published as a special issue of Japanese Studies.
みんなの日本語2 - Akiko Makino 2005
Listening comprehension texts that correspond to the main subjects of study in Minna no Nihongo I and II, these books are constructed so that the user is directly involved in the scenarios and dialogues, and can therefore more precisely grasp any essential information being conveyed in the task exercises. The books faithfully match the sentence patterns and vocabulary presented in the main texts, and any new words are also given in English, Chinese and Korean. As well as assisting with listening comprehension practice, the books also have the added advantage of helping the user learn how to take part in conversations through listening to them. Each book comes with CDs.
A Japanese Grammar - J. J. Hoffmann 1876

Japan Dictionary - Lewis William Bush 1957

Second Language Learning and Identity - Mika Yoshimoto 2008
This book is largely about second language learning and identity construction. It is based on a unique hybrid design of case study and autoethnography. In addition, diary study plays an important role in allowing the participants to express themselves in a self-reflective way. The author examines and discusses with the participants of her research, the everyday struggles of Japanese women in Canada who are trying to learn English. Of particular interest to this study was the role of metaphor in language which constructs our conceptual framework in a manner consistent with sociocultural theory and critical theory. Also, Foucault's discourse theory plays a prominent role, particularly with regards to diary, interviews and group meetings, in that it sees identity and discourse as being profoundly interrelated and inseparable. Thus, by examining discourse we can become more aware of changes in identity. With regards to the context of this study with respect to other research, the author believes that there is a significant connection to Bonny Norton's notion of investment rather than motivation with regards to how invested a second language learner feels in his or her studies. Also, Hongyu Wang, who writes extensively in the style of autoethnography, has helped me come to understand my journey that generates feelings of exclusion, repression, and alienation. Bakhtin's notion of multiple voices was also very important to the author as she discussed identity as constantly shifting, layered voices in multiple contexts. In second-language learning research, there is very little attention paid to the perspective of the learner with regards to how they feel, and their identity. Most other research in this area looks at particular linguistic functions such as syntax, morphology, etc. This research is also a documentation of the author's personal journey as she was a participant in her own research. The importance of narratives is also something that the author found was largely ignored in second-language research. For this reason, the author ensured that it was central to her work. When the author first began this research, her aim was to help Japanese women who were studying English understand the changes in identity that they were experiencing. However, as her research progressed, she saw that this research would benefit all students pursuing a second language, all teachers of second languages, as well as researchers in SLA and curriculum theorists. The use of haiku throughout the thesis is a particularly unique reflection of poetic discourse. Autoethnography has also recently grown in popularity in terms of its use in research, and is used extensively throughout this work. The use of the liminal space, doubling space, in-between space, Third Space notion in the exploration of identity and its transformation in this work is also quite interesting. Through this research, the author has uncovered a profound connection between language and identity. For Japanese women, learning English is both liberating and unsettling. This beautifully written work will be an important book for all involved in second-language learning, curriculum theorists, as well as researchers concerned with connections between language and identity, poetic inquiry and discourse, narrative theory, and autoethnography.

All About Particles - Naoko Chino 2010-08-05
Students of Japanese are familiar with the term "particle," and realize that they, like English prepositions, require a special effort to master. This handbook provides all the information one would need on these tricky units of grammar. All About Particles covers more than 70 particles those that are used regularly as well as those used less frequently in more than 200 uses. The book can be approached as a guiding textbook and studied from beginning to end. It is as a reference book, however, that All About Particles shines. It is light and easy to carry, slim enough to fit into the corner of a shoulder bag, and concise enough to quickly clarify particle-related questions. It is a priceless tool for any serious student of Japanese. In its previous incarnation as a part of the Power Japanese Series, ISBN 978-0-87011-954-5, and sold more than 40,000 copies worldwide.

A Cultural History of Spanish Speakers in Japan - Araceli Tinajero 2021
Beginning in 1990, thousands of Spanish speakers emigrated to Japan. A Cultural History of Spanish Speakers in Japan focuses on the intellectuals, literature, translations, festivals, cultural associations, music (bolero, tropical music, and pop, including reggaeton), dance (flamenco, tango and salsa), radio, newspapers, magazines, libraries, and blogs produced in Spanish, in Japan, by Latin Americans and Spaniards who have lived in that country over the last three decades. Based on in-depth research in archives throughout the country as well as field work including several interviews, Japanese-speaking Mexican scholar Araceli Tinajero uncovers a transnational, contemporary cultural history that is

not only important for today but for future generations. Araceli Tinajero is professor of Hispanic literatures at The City College of New York and at the Graduate Center. She is the author of Orientalismo en el modernismo hispanoamericano, El Lector: A History of the Cigar Factory, and Kokoro: A Mexican Woman in Japan. Tinajero is the editor or co-editor of various volumes including Exilio y cosmopolitismo en el arte y la literatura hispanica, Orientalisms of the Hispanic and Luso-Brazilian World, Technology and Culture in Twentieth Century Mexico, and Handbook on Cuban History, Literature, and the Arts. She is the Book Review Editor of the journal Asia / America Latina.

Remembering the Kanji - James W. Heisig 2012
This book focuses on the pronunciation and reading of the Kanji presented in Remembering the Kanji V. 1. The Kanji in this volume are organized into groups based on the building blocks of the characters to facilitate their study.

Remembering the Kanji 1 - James W. Heisig 2011
Volume 2 (4th ed.) updated to include the 196 kanja approved in 2010 for general use.

Elementary Japanese Volume Two - Yoko Hasegawa 2006-02-15
This is an extensive beginning level Japanese textbook and Japanese language learning package. Elementary Japanese is designed for students who are just beginning their study of Japanese at the first–:year college level or on their own. The author and contributors have created a highly structured approach to leaning Japanese that is based on learning the fundamental patters and constructions of the language as well as the writing system including basic kanji. Systematic grammatical explanations are provided in enough detail for this book to be used as a reference work as well as an introductory textbook. The accompanying MP3 audio CD is a great way to learn Japanese and ensures correct pronunciation and helps to build listening comprehension. After completing this course, you will be able to: Describe yourself, your family and your friends. Talk about daily events using basic vocabulary and grammatical constructions. Understand conversations on these topics as well as classroom activities. Read Japanese articles and write short and simple compositions and letters.

Language and Culture - David Nunan 2010-05-07
This state-of-the-art exploration of language, culture, and identity is orchestrated through prominent scholars' and teachers' narratives, each weaving together three elements: a personal account based on one or more memorable or critical incidents that occurred in the course of learning or using a second or foreign language; an interpretation of the incidents highlighting their impact in terms of culture, identity, and language; the connections between the experiences and observations of the author and existing literature on language, culture and identity. What makes this book stand out is the way in which authors meld traditional 'academic' approaches to inquiry with their own personalized voices. This opens a window on different ways of viewing and doing research in Applied Linguistics and TESOL. What gives the book its power is the compelling nature of the narratives themselves. Telling stories is a fundamental way of representing and making sense of the human condition. These stories unpack, in an accessible but rigorous fashion, complex socio-cultural constructs of culture, identity, the self and other, and reflexivity, and offer a way into these constructs for teachers, teachers in preparation and neophyte researchers. Contributors from around the world give the book broad and international appeal.

Japanese Short Stories for Beginners - Lingo Mastery 2020-08-07
Do you know what the hardest thing for a Japanese learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! You may have found the best teacher in town or the most incredible learning app around, but if you don't put all of that knowledge to practice, you'll soon forget everything you've obtained. This is why being engaged with interesting reading material can be so essential for somebody wishing to learn a new language. Therefore, in this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Japanese language. How Japanese Short Stories for Beginners works: - Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to learn a bit more about the Japanese culture. - Having trouble understanding Japanese characters? No problem - we provide you with the English translation below each paragraph, allowing you to fully grasp what you're reading! - The summaries follow a synopsis in Japanese and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. Use them if you're having trouble. - At the end of those summaries, you will be provided with a list of the most relevant vocabulary from that chapter, as well as slang and sayings that you may not have understood at first glance! Do not get lost trying to understand or pronounce it all, either, as all of the vocabulary words are Romanized for your ease of learning! - Finally, you'll be provided with a set of tricky questions in Japanese, allowing you the chance to prove that you learned something in the story. Whether it's true or false, or if you're doing the single answer questions, don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning Japanese; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Japanese Short Stories for Beginners and level up your Japanese language skills right now!

Minna No Nihongo II -

Mastering Japanese Kanji - Glen Nolan Grant 2009-06-10
This is a comprehensive, self-study workbook for learning Japanese characters. Mastering Japanese Kanji can help you greatly reduce the time and effort involved in learning to read Japanese and write Japanese. It does so by introducing a method that is both effective and easy to use in memorizing the meanings and pronunciations of Kanji—the array of

characters that are used in the Japanese language to symbolize everything from abstract ideas to concrete nouns. Learning any of the kanji is a two step process, requiring that you remember both the visual aspect of a character (so you can recognize it when you see it) and the aural aspect (so you will know how to say and, thus, read it). The method employed by Mastering Japanese Kanji will show you how to tackle both of these aspects from the outset, and by so doing enable you to immediately get down to the practical (and fun!) business of recognizing and reading kanji on everything from street signs to newspapers. By the time you finish this book, in fact you will be able to boast of a Japanese vocabulary numbering in the thousands of words. Key features: Downloadable audio helps to reinforce the written material Teaches the 200 most common kanji and the hundreds of compounds that use include them. Unique, specially–designed drawings and entertaining stories help you learn more quickly. Sample sentences, along with common words and compounds, expand your vocabulary by showing each kanji used in context. Stroke–order diagrams show the correct way to write each chapter. Chapter and cumulative review exercises help ensure master of what you've learned. Complete indexes show Japanese readings and English meanings for all Kanji. Contents of the downloadable audio: Stroke order animations for all 200 kanji characters. Native speaker audio recordings of all: Kanji characters. Common words and compounds. Sample sentences.

Japanese - Stefan Kaiser 2013
A complete reference guide to modern Japanese grammar, it fills many gaps left by previous textbooks. Grammar points are put in context by examples from a range of Japanese media. Arranged alphabetically, it includes a detailed index of terms.

Elementary Japanese Teacher's Guide - Yoko Hasegawa 2006-02-15
Elementary Japanese Teacher's Guide provides teachers and self-study students with helpful information for using Elementary Japanese Volume One and Volume Two.

English Loanwords in Japanese - Akira Miura 2011-12-20
Toriningu-pantsu are not training pants for babies who have not yet been toilet-trained. Toreningu-pantsu are sweat pants. When you jump into a swimming pool you will get wet, but not necessarily uetto. Volleyball, which was invented in the United States, is known as bareboru in Japan, but the tennis volley was the English gentleman's pride before it was America's . A tennis volley is therefore pronounced in British style, bore, not as American bare. Oru means "all" but has a more limited usage. Bosu is often used more negatively than English boss. Many people imagine that speakers of English who study the Japanese language find their way eased by the profusion of "English words" the Japanese have borrowed. Students of the language, however, often complain that borrowed words are more problematic than the older terms in the Japanese word pool. One of the biggest problems is the lack of adequate reference materials on the terms. Many of the existing works do little more than define the terms. This book handles the problematic areas. Here a reader will find sample sentences, tips on usage, and warnings against easy-to-commit mistakes. There are fascinating studies of how certain "English" terms were coined in Japan and of what led the Japanese to redefine certain common English words. Miura examines how certain words entered Japanese, and why they became popular. He theorizes on why an unexpected pronunciation developed. In discussing the borrowed terms, the author draws on many linguistic scholars, discusses prevailing beliefs on etymology and pronunciation, and uses his own considerable experience with both English and Japanese to help the student gain control of some of the most problematic words borrowed by J apanese from English . Each of the 850 words discussed under the text's more than 350 main headings is included in a n index for quick reference. The detail and currency of the explanations contained in this book are unmatched by other books on the subject. For the student hard put to use these borrowed words, this text offers real help.

Social Networking Approach to Japanese Language Teaching -
Yasu-Hiko Tohsaku 2020-03-24
Social Networking Approach to Japanese Language Teaching is a timely
guide for Japanese language teachers and anyone interested in language
pedagogy. The book outlines an innovative approach to language
instruction which goes beyond the communicative approach and
encourages a global view of language education and curriculum
development through the use of social networking. It showcases diverse
examples of how social networking can be harnessed and incorporated
into everyday language classes to increase learners' curiosity and
engagement in real cultural and global interactions. While the focus is on
Japanese language teaching, the concepts explored can be applied to
other languages and teaching contexts. This book will benefit teachers of
any language as well as linguists interested in language pedagogy.
