**Facing the Congo** - Jeffrey Tayler 2001-10-09

Faced with an identity crisis in his work and his life, seasoned traveler and journalist Jeffrey Tayler made a bold decision. He would leave behind his mundane existence in Moscow to re-create the legendary British explorer Henry Stanley's trip down the Congo in a dugout canoe, stocked with food, medicine, and even a gun-toting guide. But once his tiny boat pushed off the banks of this mysterious river, Tayler realized he was in a place where maps and supplies would have no bearing on his survival. As Tayler navigates this immense waterway, he encounters a land of smothering heat and intense rains, wary villagers, corrupt

officials and dead-eyed soldiers demanding bribes, jungle animals, mosquitoes, and, surprisingly, breathtaking natural beauty. Filled with honesty and rich description, *Facing the Congo* is a sophisticated depiction of today's Democratic Republic of the Congo, a country brought to its knees by a succession of despotic leaders. But most important, Tayler's stunning narrative is a deeply satisfying personal journey of fear and awakening, with a message that will resonate with anyone who has ever felt compelled, whether in life or in fantasy, to truly explore and experience our world.

[Strategies of Humor in Post-Unification German Literature, Film, and Other Media](#) - Jill Twark 2011-01-18

The fourteen chapters in this anthology feature original analyses of contemporary German-language literary texts, films, political cartoons, cabaret, and other types of performance. The artworks display a wide spectrum of humor modes, such as irony, satire, the grotesque, Jewish humor, and slapstick, as responses to unification with the accompanying euphoria, but also alienation and dislocation. Kerstin Hensel's Lärchenau, Christoph Hein's Landnahme, and vignette collections by Jakob Hein (Antrag auf ständige Ausreise und andere Mythen der DDR) and Wladimir Kaminer (Es gab keinen Sex im Sozialismus) are interpreted as examples of the grotesque. The popular films Lola rennt, Sonnenallee, Herr Lehmann, NVA, Alles auf Zucker!, and Mein Führer—Die wirklich wahrste Wahrheit über Adolf Hitler are reexamined through the lens of traditional and more recent humor or comic book theories. The contributors focus on how each artwork enriches four prominent postwall German cultural trends: post-unification identity reconstruction, Vergangenheitsbewältigung (including Hitler humor), New German Popular Literature (Christian Kracht's ironic subtexts), and immigrant perspectives (a "third voice" in the East-West binary reflected here pointedly in Eulenspiegel cartoons). To date, no other scholarly work provides as comprehensive an overview of the diverse strategies of humor used in the past two decades in German-speaking countries.

**The Mzungu Boy** - Meja Mwangi 2005-04-01

Winner, Children's Africana Book Award - Best Book for Older Readers  
For young Kariuki, life in a small village in central Kenya is one great adventure. And when he meets Nigel life becomes even more interesting. Nigel is from England and he has come to visit his great grandfather, the fearsome Bwana Ruin who owns the farm where all the villagers work. The villagers call Nigel the mzungu boy, and they view him with suspicion and fear. Nevertheless, Kariuki becomes friends with Nigel and the two spend happy days exploring the forest together. Then one day the two boys decide to hunt down Old Moses, the biggest, ugliest, oldest and meanest warthog in the forest. The hunt takes them deeper into the jungle than Kariuki has ever gone, and his beloved forest becomes a frightening place, filled with dangerous creatures, including the Mau-

mau, the mysterious men who have guns and are plotting against Bwana Ruin and the white soldiers. And when Nigel suddenly disappears, Kariuki realizes that it is up to him to save his friend.

**Homesick** - Eshkol Nevo 2013-01-31

It is 1995 and Noa and Amir have decided to move in together. Noa is studying photography in Jerusalem and Amir is a psychology student in Tel Aviv, so they choose a tiny flat in a village in the hills, between the two cities. Their flat is separated from that of their landlords, Sima and Moshe Zakian, by a thin wall, but on each side we find a different home - and a different world. Homesick is a beautiful, clever and moving story about history, love, family and the true meaning of home.

Three Centuries of Children's Books in Europe - Bettina Hürlimann 1968

**Storyworlds Across Media** - Marie-Laure Ryan 2014-07-01

The proliferation of media and their ever-increasing role in our daily life has produced a strong sense that understanding media—everything from oral storytelling, literary narrative, newspapers, and comics to radio, film, TV, and video games—is key to understanding the dynamics of

culture and society. *Storyworlds across Media* explores how media, old and new, give birth to various types of storyworlds and provide different ways of experiencing them, inviting readers to join an ongoing theoretical conversation focused on the question: how can narratology achieve media-consciousness? The first part of the volume critically assesses the cross- and transmedial validity of narratological concepts such as storyworld, narrator, representation of subjectivity, and fictionality. The second part deals with issues of multimodality and intermediality across media. The third part explores the relation between media convergence and transmedial storyworlds, examining emergent forms of storytelling based on multiple media platforms. Taken together, these essays build the foundation for a media-conscious narratology that acknowledges both similarities and differences in the ways media narrate.

*Jewish Voices in Feminism* - Nelly Las 2015-08-01

"Original French-language edition: *Voix juives dans le faeminisme: Raesonances franocaises et anglo-amaericaines*, A2011, Paris."

*Design for Sport* - Anxo Cereijo Roibás 2017-03-02

*Design for Sport* shows how socially responsible design can contribute to make sport practice widespread in the general population including disadvantaged and hard-to-reach groups, and those that have been traditionally excluded such as the elderly, disabled people, those living in deprived areas and from lower socioeconomic strata plus certain minority ethnic and religious groups. Contributions from around the world provide compelling case studies and an international perspective. While the main benefit from expanding sports practice in developed societies would be reduction of chronic disease rates and social inclusion, in the developing world where political instability and conflict are more common, the authors look at how sport can have other functions, such as a means of post-disaster relief. They discuss how Participatory Design (PD) techniques and appropriate ethnographies can be implemented in order to better understand users' needs and requirements as in the case of Paralympic sport where the increased sophistication of equipment used has evolved to meet the demands of the athletes. Reflecting the multi-disciplinary and cross-disciplinary nature of design for sport, the book also features case studies that look at environmental design to improve sport accessibility, social wellbeing, economic development and environmental sustainability.

*Stickerbomb 2* - Studio Rarekwai 2010-02-10

Stickers are an essential part of the street art movement. Inexpensive and easy to produce, they act as a kind of informal business card for some graffiti writers, and a quick and effective promotional tool for many artists and illustrators. As more and more stickers are placed around major cities in the world, interest in the subject keeps growing. This all new follow on from the original *Stickerbomb* book is filled with a brand-new collection of 280 specially-commissioned stickers by artists,

illustrators, and graffiti writers from around the world, many of whom have not been featured in a publication before. It will appeal to a young market of designers, street artists, and illustrators, plus street art fans and anyone who collects stickers.

**Overcoming School Refusal** - Joanne Garfi 2018-01-31

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high achievers
- how to help children on the autism spectrum with school refusal

**Beyond Babar** - Sandra L. Beckett 2006-08-19

*Beyond Babar: The European Tradition in Children's Literature* examines in depth eleven of the most celebrated European children's novels in substantial, critical essays written by well-known international scholars. This approach provides a comprehensive discussion of the selected works from a variety of theoretical perspectives. **Three-Way Street** - Jay H Geller 2021-03-11

As German Jews emigrated in the nineteenth and early twentieth centuries and as exiles from Nazi Germany, they carried the traditions, culture, and particular prejudices of their home with them. At the same time, Germany—and Berlin in particular—attracted both secular and religious Jewish scholars from eastern Europe. They engaged in vital intellectual exchange with German Jewry, although their cultural and religious practices differed greatly, and they absorbed many cultural practices that they brought back to Warsaw or took with them to New York and Tel Aviv. After the Holocaust, German Jews and non-German Jews educated in Germany were forced to reevaluate their essential relationship with Germany and Germanness as well as their notions of Jewish life outside of Germany. Among the first volumes to focus on German-Jewish transnationalism, this interdisciplinary collection spans the fields of history, literature, film, theater, architecture, philosophy, and theology as it examines the lives of significant emigrants. The individuals whose stories are reevaluated include German Jews Ernst Lubitsch, David Einhorn, and Gershom Scholem, the architect Fritz Nathan and filmmaker Helmar Lerski; and eastern European Jews David Bergelson, Der Nister, Jacob Katz, Joseph Soloveitchik, and Abraham Joshua Heschel—figures not normally associated with Germany. *Three-Way Street* addresses the gap in the scholarly literature as it opens up critical ways of approaching Jewish culture not only in Germany, but also in other locations, from the mid-nineteenth century to the present.

*Rulantica* (1) Michaela Hanauer 2021-05-07

Aquina is a mermaid. She has always felt different from the other merpeople on Rulantica. Shortly after her twelfth birthday, she finds out something incredible: she has a twin brother. Mats, a human boy! And he is in great danger. For Aquina, there's no holding back: she has to find her real family before it's too late. Ever since he was found on the beach as a baby, Mats has been brought up in a children's home. He has always been afraid of the sea and of water. What he doesn't know is that he'll soon be diving into the biggest adventure of his life! By coming together, Aquina and Mats are fulfilling a centuries-old prophecy by the Nordic gods - this could be a chance to save the island world of Rulantica, but it could also mean its total destruction ...

Constructing the Canon of Children's Literature - Anne Lundin  
2004-10-15

In this pioneering historical study, Anne Lundin argues that schools, libraries, professional organizations, and the media together create and influence the constantly changing canon of children's literature. Lundin examines the circumstances out of which the canon emerges, and its effect on the production of children's literature. The volume includes a comprehensive list of canonical titles for reference.

Now with more than 20 years of executive-level experience in the technology industry and having founded the Internet of Things Talent Consortium, Jeanne shares career-building lessons, strategies, and tactics, interspersed with stories about how she and others have used contrast, courage, resilience, and persistence to propel themselves forward into stellar careers in music, sports, real estate, technology, and many other fields. With a passion for mentoring others, Jeanne offers this guide to developing a self-empowered approach to work, career, and life. The book delivers easy-to-follow instruction on how to Build a Vision-Strategy-Execution plan Develop a personal brand statement Use networking to develop a bench of supporters who will help you bring your career dreams to reality "

Poetics of Children's Literature - Zohar Shavit 2009-11-01

Since its emergence in the seventeenth century as a distinctive cultural system, children's literature has had a culturally inferior status resulting from its existence in a netherworld between the literary system and the educational system. In addition to its official readership—children—it has to be approved of by adults. Writers for children, explains Zohar Shavit, are constrained to respond to these multiple systems of often mutually contradictory demands. Most writers do not try to bypass these constraints, but accept them as a framework for their work. In the most

extreme cases an author may ignore one segment of the readership. If the adult reader is ignored, the writer risks rejection, as is the case of popular literature. If the writer utilizes the child as a pseudo addressee in order to appeal to an adult audience, the result can be what Shavit terms an ambivalent work. Shavit analyzes the conventions and the moral aims that have structured children's literature, from the fairy tales collected and reworked by Charles Perrault and the Brothers Grimm—in particular, “Little Red Riding Hood”—through the complex manipulations of Lewis Carroll in Alice's Adventures in Wonderland, to the subversion of the genre's canonical requirements in the chapbooks of the eighteenth century, and in the formulaic Nancy Drew books of the twentieth century. Throughout her study Shavit, explores not only how society has shaped children's literature, but also how society has been reflected in the literary works it produces for its children.

*Agile and Lean Concepts for Teaching and Learning* - David Parsons  
2018-10-24

This book explores the application of agile and lean techniques, originally from the field of software development and manufacturing, to various aspects of education. It covers a broad range of topics, including applying agile teaching and learning techniques in the classroom, incorporating lean thinking in educational workflows, and using team-based approaches to student-centred activities based on agile principles and processes. Demonstrating how agile and lean ideas can concretely be applied to education, the book offers practical guidance on how to apply these ideas in the classroom or lecture hall, as well as new concepts that could spark further research and development.

**Gender and Laughter** - 2016-08-09

This essay collection is dedicated to intersections between gender theories and theories of laughter, humour, and comedy. It is based on the

results of a three-year research programme, entitled “Gender - Laughter - Media” (2003-2006) and includes a series of investigations on traditional and modern media in western cultures from the 18th to the 20th century. A theoretical opening part is followed by four thematic sections that explore the multiple forms of irritating stereotypical gender perceptions; aspects of (post-)colonialism and multiculturalism; the comic impact of literary and media genres in different national cultures; as well as the different comic strategies in fictional, philosophical, artistic or real life communication. The volume presents a variety of new approaches to the overlaps between gender and laughter that have only barely been considered in groundbreaking research. It forms a valuable read for scholars of literary, theatre, media, and cultural studies, at the same time reaching out to a general readership.

**Under the Eye of God** - Jerome Charyn 2012-10-30

After decades of madness in the Bronx, Isaac Sidel visits the craziest state in the country Isaac Sidel is too popular to be America's vice president. Once the New York Police Department commissioner, he became the most beloved mayor in the city's history—famous for his refusal to surrender his Glock, and for his habit of disappearing for months at a time to fight crime at street level. So when baseball czar J. Michael Storm asks Sidel to join him on the election's Democratic ticket, the two wild men romp to an unprecedented landslide. But as the president-elect's mandate goes off the rails—threatened by corruption, sex, and God knows what else—he tires of being overshadowed by Sidel, and dispatches him to a place from which tough politicians seldom return: Texas. In the Lone Star state, Sidel confronts rogue astrologers, accusations of pedophilia, and a dimwitted assassin who doesn't know when to take an easy shot. If this Bronx bomber doesn't watch his step, he risks making vice-presidential history by getting killed on the job.

**Never-ending Stories** - Sylvie Geerts 2014

This book frames adaptation in children's literature against a broader socio-cultural background, focussing on the ideological implications of the process

*Dead Funny* - Rudolph Herzog 2011

The first ever history of humour directed at the Nazis: from the anti-Nazi theatre scene of the 20s and 30s, to jokes told during WWII, to the cracks told about Hitler in Germany today. In the light of the horrors he committed, many people in Germany still find difficulty and distaste in laughing at Hitler - indeed, those who do are often accused of trivialising the Holocaust. But there is a long history of telling jokes about the Nazis. Collected by acclaimed director Rudolph Herzog, *Dead Funny* chronicles this fascinating and often frightening history.

The Literary Heritage of Childhood - Charles H. Frey 1987

In twenty-eight essays, Frey and Griffith, members of the English faculty at the University of Washington, examine many of the traditional and new children's classics. The authors explore the relationship between the writer's lives and the stories they tell. Purposes and literary techniques are also discussed. Each essay provides the reader with the authors' answers to the question: What special qualities make this book a classic? Fairy and folk tales and fantasy; works by Dickens, Craig, Collodi, Alcott, Twain, Kipling, Potter, Wilder; and poetry of Lear and Stevenson are included. Teachers of children's literature will find these essays useful for helping students understand the characteristics of the classic literature of childhood. The book is recommended for college and university libraries and for large and medium-sized public library collections. The *Journal of Youth Services in Libraries* Seeking to restore our appreciation for the classics of children's literature, the authors of this book offer fresh and lively interpretations of twenty-eight of the most beloved works in the Western tradition. Through individual essays on representative and well-known rhymes, tales, domestic and picaresque novels, romances, talking-animal stories, and semi-autobiographical narratives, the authors help us to understand why such works continue to appeal to both children and adults. Treating each work as a literary production deserving of attention in its own right, the authors explore its emotional significance and enduring themes. They discuss the writer's purposes and literary techniques and investigate the relationship of specific literary works to the lives of their creators. Bibliographic information on texts, collections, and critical literature is supplied.

**Crosscurrents of Children's Literature** - Tina L. Hanlon 2007

The only anthology of classic and contemporary readings in children's literature to combine primary texts with critical selections.

Agile Software Engineering - Orit Hazzan 2009-02-28

Overview and Goals The agile approach for software development has been applied more and more extensively since the mid nineties of the 20th century. Though there are only about ten years of accumulated experience using the agile approach, it is currently conceived as one of the mainstream approaches for software development. This book presents a complete software engineering course from the agile angle. Our intention is to present the agile approach in a holistic and comprehensive learning environment that fits both industry and academia and inspires the spirit of agile software development. Agile software engineering is reviewed in this book through the following three perspectives: 1 The Human perspective, which includes cognitive and social aspects, and refers to learning and interpersonal processes between teammates, customers, and management. 1 The Organizational perspective, which includes managerial and cultural aspects, and refers to software project management and control. 1 The Technological perspective, which includes practical and technical aspects, and refers to design, testing, and coding, as well as to integration, delivery, and maintenance of software products. Specifically, we explain and analyze how the explicit attention that agile software development gives these perspectives and their interconnections, helps viii Preface it cope with the challenges of software projects. This multifaceted perspective on software development processes is reflected in this book, among other ways, by the chapter titles, which specify dimensions of software development projects such as quality, time, abstraction, and management, rather than specific project stages, phases, or practices.
