*Studyi ng Congregat i onal Musi c* - Andrew Mall 2021-02-15

Studying the role of music within religious congregations has become an increasingly complex exercise. The significant variations in musical style and content between different congregations require an interdisciplinary methodology that enables an accurate analysis, while also allowing for nuance in interpretation. This book is the first to help scholars think through the complexities of interdisciplinary research on congregational music-making by critically examining the theories and methods used by leading scholars in the field. An international and interdisciplinary panel of contributors introduces readers to a variety of research methodologies within the emerging field of congregational music studies. Utilizing insights from fields such as communications studies, ethnomusicology, history, liturgical studies, popular music studies, religious studies, and theology, it examines and models methodologies and theoretical perspectives that are grounded in each of these disciplines. In addition, this volume presents several "key

issues" to ground these interpretive frameworks in the context of congregational music studies.

These include topics like diaspora, ethics, gender, and migration. This book is a new milestone in the study of music amongst congregations, detailing the very latest in best academic practice. As such, it will be of great use to scholars of religious studies, music, and theology, as well as anyone engaging in ethnomusicological studies more generally.

The Musical Standard - 1865

**Music in Christian Worship Today** - Basil Chukwuka Okeke 2022-11-11

"Music in Christian Worship Today" ist eine interkulturelle historische Studie über die nigerianische Praxis des Komponierens von kulturübergreifenden Liedern für den Gottesdienst. Aufgrund des interdisziplinären Charakters des Themas wendet das Buch eine musikhistorische und teilweise eine musikethnologische Methode an (Feldforschung, ergänzt durch Interviews und einen Fragebogen). Ziel ist es, das Interesse an der Erforschung der verschiedenen Erscheinungsformen von Gottesdienstmusik in multikulturellen Kontexten zu wecken, einen Beitrag zu den laufenden Bemühungen zu leisten, einer kulturell vielfältigen Glaubensgemeinschaft die aktive Teilnahme am Gottesdienst durch kulturell begründete Lieder zu ermöglichen und einige nigerianische Beispiele für Gottesdienstmusik einer größeren Leserschaft zugänglich zu machen.

**Making Music** - 1960

**The Nonconformist Musical Journal** - 1898

**Migration and Christian Identity in Congo (DRC)** - Emma Wild-Wood 2008

Christianity and migration have greatly influenced society and culture of sub-Saharan Africa, yet their mutual impact is rarely studied. Through oral history research in north eastern Congo (DRC), this book studies the migration of Anglicans and the subsequent reconfiguring of their Christian identity. It engages with issues of religious contextualisation, revivalism and the rise of Pentecostalism. It examines shifting ethnic, national, gender and generational expressions, the influence of tradition, contemporaneity, local needs and international networks to reveal mobile group identities developing through migration. Borrowing the metaphor of 'home' from those interviewed, the book suggests in what ways religious affiliation aids a process of belonging. The result is an original exploration of important themes in an often neglected region of Africa.

**The Publishers' Circular and Booksellers' Record of British and Foreign Literature** - 1898

**Tonic Sol-fa** - John Curwen 2019-08-15

We have represented this book in the same form as it was first published. Hence any marks seen are left intentionally to preserve its true nature.

**The Church Music Review and Official Bulletin of the American Guild of Organists**

- 1904

The World of South African Music - Christine Lucia 2009-03-26

The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations, but with the express purpose of providing the reader with a deep understanding of the music itself. Consequently, there are readings that are chosen because they have been influential, but there are also many which, though published, have not enjoyed very wide circulation. There are those which are of obvious historic interest, and others which speak to contemporary issues. Among other things, the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject. The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally. It is also an excellent resource for those who do not have immediate access to harder-to-find articles, and is perhaps most vital to those who are looking to find a way into the world of South African music.

**The Recorder's Book for Easy Learning** - Akolawole DADA 2019-02-11

INTRODUCTION This book is written and designed for a beginner who will be able to teach him/herself how to play a recorder and understand some theories of music with ease. Again, this book will be of a great help to students in understanding the practical aspects of music both at the primary and secondary school levels. These days, compositions have become a difficult task amidst the choir such that having their own copyright to musical compositions have become rare, rather songs from unknown sources are embraced. For this reason, church music has become less spiritual (1Cor.14:15b). However, this book will enhance the composing and singing abilities of choir in our various churches. It will also help them to sight sing lots of great gospel songs and hymns with tonic sol-fa. Churches are advised to recommend this book for their choir. In conclusion, this book contains lots of practical works that are playable with any other musical instrument, like saxophone, trumpet, piano,

guitar, clarinet, flute, violin e.t.c. Therefore, parents are requested to encourage their children by buying them the book (The Recorder's Book for Easy Learning with great gospel songs & hymns' tonic sol-fa) and any musical instrument of their choice, apart from the recorder which the book centers on. This will indeed help them to showcase their God-given talents.

British Hymn Books for Children, 1800-1900 - Dr Alisa Clapp-Itnyre 2016-01-28

Examining nineteenth-century British hymns for children, Alisa Clapp-Itnyre argues that the unique qualities of children's hymnody created a space for children's empowerment. Unlike other literature of the era, hymn books were often compilations of many writers' hymns, presenting the discerning child with a multitude of perspectives on religion and childhood. In addition, the agency afforded children as singers meant that they were actively engaged with the text, music, and pictures of their hymnals. Clapp-Itnyre charts the history of children's hymn-book publications from early to late nineteenth century, considering major denominational movements, the importance of musical tonality as it affected the popularity of hymns to both adults and children, and children's reformation of adult society provided by such genres as missionary and temperance hymns. While hymn books appear to distinguish 'the child' from 'the adult', intricate issues of theology and poetry - typically kept within the domain of adulthood - were purposely conveyed to those of younger years and comprehension. Ultimately, Clapp-Itnyre shows how children's hymns complicate our understanding of the child-adult binary traditionally seen to be a hallmark of Victorian society. Intersecting with major aesthetic movements of the period, from the peaking of Victorian hymnody to the Golden Age of Illustration, children's hymn books require scholarly attention to deepen our understanding of the complex aesthetic network for children and adults. Informed by extensive archival research, British Hymn Books for Children, 1800-1900 brings this understudied genre of Victorian culture to critical light.

The Routledge Companion to Interdisciplinary Studies in Singing, Volume II: Education - Helga R. Gudmundsdottir 2020-05-19

The Routledge Companion to Interdisciplinary Studies in Singing, Volume II: Education examines the many methods and motivations for vocal pedagogy, promoting singing not just as an art form arising from the musical instrument found within every individual but also as a means of communication with social, psychological, and didactic functions. Presenting research from myriad fields of study beyond music—including psychology, education, sociology, computer science, linguistics, physiology, and neuroscience—the contributors address singing in three parts: Learning to Sing Naturally Formal Teaching of Singing Using Singing to Teach In 2009, the Social Sciences and Humanities Research Council of Canada funded a seven-year major collaborative research initiative known as Advancing Interdisciplinary Research in Singing (AIRS). Together, global researchers from a broad range of disciplines addressed three challenging questions: How does singing develop in every human being? How should singing be taught and used to teach? How does singing impact wellbeing? Across three volumes, The Routledge Companion to Interdisciplinary Studies in Singing consolidates the findings of each of these three questions, defining the current state of theory and research in the field. Volume II: Education focuses on the second question and offers an invaluable resource for anyone who identifies as a singer, wishes to become a singer, works with singers, or is interested in the application of singing for the purposes of education.

A Dictionary of Hymnology Setting Forth the Origin and History of Christian Hymns of All Ages and Nations - John Julian 1908

Rituals of Fertility and the Sacrifice of Desire - Carol Ann Muller 1999

In this text, Muller breaks new ground in the study of this changing region and along the way she includes details of her own poignant journey, as a young, white South African woman, to the other side of a divided society.

*Music and Theology in Nineteenth-Century Britain* Martin Clarke 2016-04-22

The interrelationship of music and theology is a burgeoning area of scholarship in which conceptual issues have been explored by musicologists and theologians including Jeremy Begbie, Quentin Faulkner and Jon Michael Spencer. Their important work has opened up opportunities for focussed, critical studies of the ways in which music and theology can be seen to interact in specific repertoires, genres, and institutions as well as the work of particular composers, religious leaders and scholars. This collection of essays explores such areas in relation to the religious, musical and social history of nineteenth-century Britain. The book does not simply present a history of sacred music of the period, but examines the role of music in the diverse religious life of a century that encompassed the Oxford Movement, Catholic Emancipation, religious revivals involving many different denominations, the production of several landmark hymnals and greater legal recognition for religions other than Christianity. The book therefore provides a valuable guide to the music of this complex historical period.

**Hymns & Sacred Melodies for Recorder** - WILLIAM BAY 2010-10-07

Hymns in standard hymnal keys arranged for any combination of soprano or alto recorders (includes both parts). Ideal for worship celebrations, Christian education or the classroom.

**Music in Kenyan Christianity** - Jean Ngoya Kidula 2013-09-11

This sensitive study is a historical, cultural, and

musical exploration of Christian religious music among the Logooli of Western Kenya. It describes how new musical styles developed through contact with popular radio and other media from abroad and became markers of the Logooli identity and culture. Jean Ngoya Kidula narrates this history of a community through music and religious expression in local, national, and global settings. The book is generously enhanced by audiovisual material on the Ethnomusicology Multimedia website.

Songs in Sol-fa - Theodore Frelinghuysen Seward 1882
