Managing the Business Case for Sustainability - Stefan Schaltegger 2017-09-08

The difficulties in moving towards corporate sustainability raise the question of how environmental and social management can be integrated better with economic business goals. Over the last decade, the relationship between

environmental and economic performance, and more recently the interaction between sustainability performance and business competitiveness, have received considerable attention in both theory and practice. However, to date, only partial aspects of the relationship between sustainability performance, competitiveness and economic performance have been studied from a theoretical as well as an empirical perspective. And, to date, no unique relationship has prevailed in empirical studies. A number of explanations have been put forward to explain this, including methodological reasons, such as the lack of statistical data, the low quality of that data, or the fact that such data is often available for short time periods only. Other theoretical explanations have been developed, such as the influence of different corporate strategies or the relatively small influence of environmental or sustainability issues as one factor among many on the economic or financial success of firms. So, how should the business case for sustainability be managed? This is the starting point for this book, which compiles insights on a large number of aspects of the link between sustainability performance, business competitiveness and economic success in an attempt to provide a comprehensive and structured view of this relationship. The book provides an unrivalled body of knowledge on the state of theory and practice in this field and identifies prospective future fields of work. The book includes: conceptual frameworks for the interaction of social, environmental and economic issues in business environments; case studies of companies that have successfully integrated social, environmental and economic issues; analyses of the causal and empirical relationship between environmental and/or social performance, business performance and firm-level competitiveness; concepts and tools useful for improving business value with proactive operational strategies; assessment of the factors influencing operational sustainability strategies and their economic impact; and comparisons of interactions between sustainability performance and firm competitiveness across industry sectors and countries. *Managing the Business Case for Sustainability* is the definitive work in its field: the most comprehensive book yet published on

the theory and practice of managing sustainability performance, competitiveness, environmental, social and economic performance in an integrated way. It will be essential reading for managers, academics, consultants, fund managers, governments and government agencies, NGOs and international bodies who need a broad and comprehensive overview of the business case for sustainability.

Barçargentinos - Historia de los futbolistas argentinos del FC Barcelona - Roberto

Martínez 2018-09-07

El Barça ha sido cuna y plataforma de lanzamiento de un buen número de futbolistas argentinos, que han dejado una profunda huella en la historia del fútbol. Este libro recoge las biografías de los futbolistas y entrenadores argentinos cuyas gestas todavía se mantienen vivas en la memoria de los culés. Pero no se limita solamente a esto: se retrata la época de cada uno, se facilitan estadísticas y datos de su

vida futbolística en este gran club, se ofrecen testimonios directos de familiares o de los propios protagonistas y anécdotas, así como entrevistas, citas de prensa, opiniones... Todo esto hace de esta obra un testimonio único para los aficionados al fútbol en general y para los culés en particular, ya que revela aspectos inéditos de figuras indiscutibles que han vestido ovisten los colores del que en la actualidad ostenta el título del mejor equipo del mundo.

The Evil Husband - Herbert Muhangi Bankunda 2015-07-06

This book is about domestic violence in a home mainly perpetuated by the husband of Sarah who is Moses. Sarah herself is not an obedient, innocent, ideal wife you may think of. Nevertheless Moses the husband is the real evil husband according to the way he behaves. The author was compelled to write about domestic violence because it has gone beyond the ordinary levels. The author would like the readers to put themselves into the mirror and make a proper assessment of themselves, whether they are good husbands or wives or evil husbands or evil wives..

Cómo hacer realidad la calidad - George Labovitz 1995

INDICE: El mapa del camino hacia la excelencia. La trampa de la transacción. Lo que antes era espontáneo. La calidad: la ventaja desleal. De no responsabilizarse del producto (caveat emptor) a crear asociaciones cliente-proveedor. El ingrediente mágico. El liderazgo de los saltos cualitativos demejora (breakthrough) centrados en el cliente. Cambiar su mundo. Cómo puntuar su implantación de la GCT. El premio Deming y el Premio Baldrige. Los pilares de la calidad. CADE, etc.

Kidnapped Asylum - Brandi Parsons 2019-05-08

Political activist, Christel Kisongo, worked for the Paix Programme in the Democratic Republic of Congo until the disappearance of his UN colleagues, Caleb and Sara. Promoting peaceful resolution to conflict was his life's calling — until he had to flee his country, with nothing but his backpack. Once catapulted into the quest for

asylum in the United States, will he be crushed in the immigration process, or will he survive the tumultuous political landscape?

Behavioral Strategy for Competitive Advantage
T. K. Das 2018-10-01

Behavioral strategy continues to attract increasing research interest within the broader field of strategic management. Research in behavioral strategy has clear scope for development in tandem with such traditional streams of strategy research that involve economics, markets, resources, and technology. The key roles of psychology, organizational behavior, and behavioral decision making in the theory and practice of strategy have yet to be comprehensively grasped. Given that strategic thinking and strategic decision making are importantly concerned with human cognition, human decisions, and human behavior, it makes eminent sense to bring some balance in the strategy field by complementing the extant emphasis on the "objective" economics-based view with substantive attention to the "subjective" individual-oriented perspective. This calls for more focused inquiries into the role and nature of the individual strategy actors, and their cognitions and behaviors, in the strategy research enterprise. For the purposes of this book series, behavioral strategy would be broadly construed as covering all aspects of the role of the strategy maker in the entire strategy field. The scholarship relating to behavioral strategy is widely believed to be dispersed in

diverse literature. These existing contributions that relate to behavioral strategy within the overall field of strategy has been known and perhaps valued by most scholars all along, but were not adequately appreciated or brought together as a coherent sub-field or as a distinct perspective of strategy. This book series on Research in Behavioral Strategy will cover the essential progress made thus far in this admittedly fragmented literature and elaborate upon fruitful streams of scholarship. More importantly, the book series will focus on providing a robust and comprehensive forum for the growing scholarship in behavioral strategy. In particular, the volumes in the series will cover new views of interdisciplinary theoretical frameworks and models (dealing with all behavioral aspects), significant practical problems of strategy formulation, implementation, and evaluation, and emerging areas of inquiry. The series will also include comprehensive empirical studies of selected segments of business, economic, industrial, government, and non-profit activities with potential for wider application of behavioral strategy. Through the ongoing release of focused topical titles, this book series will seek to disseminate theoretical insights and practical management information that will enable interested professionals to gain a rigorous and comprehensive understanding of the subject of behavioral strategy. Behavioral Strategy for Competitive Advantage contains contributions by leading scholars in the field of behavioral strategy research. The 8 chapters in this volume deal with a number of significant issues relating to how behavioral strategy may serve to create competitive advantage, covering topics such as decision change timing, top management regulatory focus, cognitive foundations of pricing decisions, short-termism in HRM, and the effects of managerial role enactments on alliance performance. The chapters include empirical as well as conceptual treatments of the selected topics, and collectively present a wide-ranging review of the noteworthy research perspectives on the role of behavioral strategy in enhancing competitive advantage.

Toyota Production System - Yasuhiro Monden
2011-10-05

Wirtschaftliche Potentiale des Alters - Rolf G. Heinze 2011-05-05

Bis vor Kurzem wurde Altern fast ausschließlich

als Bedrohung für die Zukunftsfähigkeit von Wirtschaft und Gesellschaft wahrgenommen. In jüngster Zeit werden stattdessen die Kompetenzen und Potentiale des Alters betont. In dem Buch werden die verschiedenen Facetten dieser Potentiale erstmals umfassend dargestellt: von Begriffen wie Produktivität und Innovation bis zur Bedeutung der Älteren auf formalen und informellen Arbeitsmärkten. Einen Schwerpunkt bildet die Analyse einzelner seniorenwirtschaftlicher Sektoren (u. a. Handel, Handwerk, Wohnungs- und Gesundheitswirtschaft) und Regionen.

The Practice of Behavioral Strategy. Das 2015-10-01

Behavioral strategy continues to attract increasing research interest within the broader field of strategic management. Research in behavioral strategy has clear scope for development in tandem with such traditional streams of strategy research that involve economics, markets, resources, and technology. The key roles of psychology, organizational behavior, and behavioral decision making in the theory and practice of strategy have yet to be comprehensively grasped. Given that strategic thinking and strategic decision making are importantly concerned with human cognition, human decisions, and human behavior, it makes eminent sense to bring some balance in the strategy field by complementing the extant emphasis on the "objective" economics-based view with substantive attention to the "subjective" individual-oriented perspective. This calls for more focused inquiries into the role and nature of the individual strategy actors, and their cognitions and behaviors, in the strategy research enterprise. For the purposes of this book series, behavioral strategy would be broadly construed as covering all aspects of the role of the strategy maker in the entire strategy

field. The scholarship relating to behavioral strategy is widely believed to be dispersed in diverse literatures. These existing contributions that relate to behavioral strategy within the overall field of strategy has been known and perhaps valued by most scholars all along, but were not adequately appreciated or brought together as a coherent sub-field or as a distinct perspective of strategy. This book series on Research in Behavioral Strategy will cover the essential progress made thus far in this admittedly fragmented literature and elaborate upon fruitful streams of scholarship. More importantly, the book series will focus on providing a robust and comprehensive forum for the growing scholarship in behavioral strategy. In particular, the volumes in the series will cover new views of interdisciplinary theoretical frameworks and models (dealing with all behavioral aspects), significant practical problems of strategy formulation, implementation, and evaluation, and emerging areas of inquiry. The series will also include comprehensive empirical studies of selected segments of business, economic, industrial, government, and non-profit activities with potential for wider application of behavioral strategy. Through the ongoing release of focused topical titles, this book series will seek to disseminate theoretical insights and practical management information that will enable interested professionals to gain a rigorous and comprehensive understanding of the subject of behavioral strategy. The Practice of Behavioral Strategy contains contributions by leading scholars in the field of behavioral strategy research. The 9 chapters in this volume cover a number of significant topics that speak to the practice perspectives on behavioral strategy, covering diverse topics such as M&A decision making in the high-tech sector, scenario thinking, business modeling, project-based organizations, fair trade market certification, and the movie and insurance industries. The chapters include empirical as well as conceptual treatments of the selected topics, and collectively present a wide-ranging review of the noteworthy research perspectives on the practice of behavioral strategy.

African Short Stories: Vol 2 - Chin Ce 2015-09-04

Bequeathing an enduring tenet for the creative enterprise, African Short Stories vol 2 boldly seeks to upturn the status quo by the art of narration. Whether they are stories of the whistle blower estranged and yet sounding the warning for heaven and earth to hear, or a ragtag army fleeing in the wake of a monstrous reptilian onslaught upon her peace, there pervades a sense of ultimate victory in this collection. We can feel the gentle kick of a baby in the womb of a maiden in desperation, or we can muse at the two adolescent genii on the trail

of their dreams from the sunset of mutual deceit into the daylight of true becoming. Victory is laid out in that awesome kindness of a total stranger which affirms the divinity latent in even our most harrowing existence. With thirty five stories in two parts these literary experiments compel attention to the courageous hearts and minds that brighten the African universe of narration. Their vibrant notes coming from all corners of north, west, east and south fill us with encouragement and optimism for the contemporary short fiction in Africa.
