

# True Allegiance Ben Shapiro

Thank you very much for reading **true allegiance ben shapiro**. Maybe you have knowledge that, people have look hundreds times for their favorite books like this true allegiance ben shapiro, but end up in harmful downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they cope with some malicious virus inside their laptop.

true allegiance ben shapiro is available in our book collection an online access to it is set as public so you can get it instantly.

Our digital library hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the true allegiance ben shapiro is universally compatible with any devices to read

**Bullies** - Ben Shapiro 2014-07-08

"From the editor-at-large of Breitbart.com, a timely and compelling look at how liberals use bullying toward their opponents on today's top political issues"--

Facts (Still) Don't Care About Your Feelings - Ben Shapiro 2020-09-29

A lot has changed since 2015, and Ben Shapiro has something to say about it. In this curated sequel to "Facts Don't Care About Your Feelings," Shapiro breaks down American politics from 2015 to today like you've never seen before. Review political dog fights and the Democrats' radicalism problem through a poignant lens. Analyze the novel coronavirus and its economic implications through a perspective too often stamped out by the mainstream media. Explore the absurdities of "anti-racism," "mostly peaceful" protests and other leftist attempts to rewrite America. And discover pieces of the American identity—unity, free speech, capitalism and so much more—we have lost in the mayhem.

Privileged Victims - Eddie Scarry 2020-02-25

America's worst ideas and people are rising to the top, thanks to a rancid culture that has turned every part of our lives into a fight between so-called "privilege" and entitled brats claiming "victim" status. The country is under siege and America's most ferocious enemy is already here: our privileged victims. On university campuses, in the news media, and in Hollywood, race, gender, and sexuality determine who should advance and who should be taken down a peg. Driven by "social justice" and governed by "intersectionality," out-of-control college students, school administrators, journalists, and titans of the entertainment industry divide and rank us on an infinite scale of grievance—the more of them, the better. And God have mercy on any individual deemed to benefit from "privilege." Privileged Victims zealously exposes the lies and myths behind: • The #MeToo movement that redefined sexual assault and rape to include simple regret, ruining the lives and careers of countless men • Hoax hate crimes, a key feature of the privileged victim class • The debate over our jungle-like immigration system, dumbed down by a scheming national news media to ugly charges of racism and xenophobia • Hollywood, which no longer aims to produce high-quality entertainment, but to virtue signal and promote "social justice" And so much more. In gripping detail, Eddie Scarry uncovers the perversion behind social justice and its identity-first dogma that's replacing America's meritocracy, tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades. Bewildered citizens mistakenly believe that it's a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive. The truth is much worse: it's a deliberate, malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination. "How did everyone in America get so unhappy all of a sudden? In part, because it pays. Eddie Scarry lays out the scam in this infuriating and fascinating book. It'll make you never want to complain again, just for the sake of being countercultural." —Tucker Carlson, Host of "Tucker Carlson Tonight" on Fox News and Author of Ship of Fools "What I love about Eddie is his courage. He knows the outrage mob is constantly coming and he doesn't care. Some of us call that being a First Amendment advocate. Count me as a fan and a reader."—Megyn Kelly

**Brainwashed** - Ben Shapiro 2010-06-14

Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand

Ben Shapiro, a recent UCLA grad, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." ?Ann Coulter, best-selling author of High Crimes and Misdemeanors, Slander, and Treason "In Brainwashed, Shapiro tells the truth?that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." ?Michael Barone, U.S. News & World report and co-author of The Almanac of American Politics "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndicated columnist and author of Invasion "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host

*(((Semitism)))*: *Being Jewish in America in the Age of Jonathan Weisman* 2018-03-20

In the wake of Donald Trump's election and the Pittsburgh synagogue massacre, (((Semitism))) is a powerful book that examines how we can fight anti-Semitism in America A San Francisco Chronicle Reader Recommendation The Washington Post: "Timely...[A] passionate call to arms." Jewish Book Council: "Could not be more important or timely." Bernard-Henri Lévy: "It would be wonderful if anti-Semitism was a European specialty and stopped at the border with the United States. Alas, this is not the case. Jonathan Weisman's new book (((Semitism))) shows why..." Michael Eric Dyson: "With eloquence and poignancy Weisman shows how hatred can slowly and quietly chew away at the moral fabric of society. We now live in an age where more than ever bigotry and oppression no longer need to hide in fear of reproach. The floodgates have opened. This is much more than a personal response to the bigotry he experienced because of his Jewishness; Weisman has written a manifesto that outlines the dangers of marginalizing and demonizing all minority groups. This powerful book is for all of us." Anti-Semitism has always been present in American culture, but with the rise of the Alt Right and an uptick of threats to Jewish communities since Trump took office, including the the Pittsburgh synagogue massacre, New York Times editor Jonathan Weisman has produced a book that could not be more important or timely. When Weisman was attacked on Twitter by a wave of neo-Nazis and anti-Semites, witnessing tropes such as the Jew as a leftist anarchist; as

a rapacious, Wall Street profiteer; and as a money-bags financier orchestrating war for Israel, he stopped to wonder: How has the Jewish experience changed, especially under a leader like Donald Trump? In (((Semitism))), Weisman explores the disconnect between his own sense of Jewish identity and the expectations of his detractors and supporters. He delves into the rise of the Alt Right, their roots in older anti-Semitic organizations, the odd ancientness of their grievances—cloaked as they are in contemporary, techy hipsterism—and their aims—to spread hate in a palatable way through a political structure that has so suddenly become tolerant of their views. He concludes with what we should do next, realizing that vicious as it is, anti-Semitism must be seen through the lens of more pressing threats. He proposes a unification of American Judaism around the defense of self and of others even more vulnerable: the undocumented immigrants, refugees, Muslim Americans, and black activists who have been directly targeted, not just by the tolerated Alt Right, but by the Trump White House itself.

**Blackout** - Candace Owens 2020-09-15

NEW YORK TIMES BESTSELLER It's time for a black exit. Political activist and social media star Candace Owens addresses the many ways that Democrat Party policies hurt, rather than help, the African American community, and why she and many others are turning right. Black Americans have long been shackled to the Democrats. Seeing no viable alternative, they have watched liberal politicians take the black vote for granted without pledging anything in return. In *Blackout*, Owens argues that this automatic allegiance is both illogical and unearned. She contends that the Democrat Party has a long history of racism and exposes the ideals that hinder the black community's ability to rise above poverty, live independent and successful lives, and be an active part of the American Dream. Instead, Owens offers up a different ideology by issuing a challenge: It's time for a major black exodus. From dependency, from victimhood, from miseducation—and the Democrat Party, which perpetuates all three. Owens explains that government assistance is a double-edged sword, that the Left dismisses the faith so important to the black community, that Democrat permissiveness toward abortion disproportionately affects black babies, that the #MeToo movement hurts black men, and much more. Weaving in her personal story, which ushered her from a roach-infested low-income apartment to 1600 Pennsylvania Avenue, she demonstrates how she overcame her setbacks and challenges despite the cultural expectation that she should embrace a victim mentality. Well-researched and intelligently argued, *Blackout* lays bare the myth that all black people should vote Democrat—and shows why turning to the right will leave them happier, more successful, and more self-sufficient.

**Don't Burn This Book** - Dave Rubin 2020-04-28

"Topical, engaging, personable, and above all, reassuring." -Dr. Jordan B. Peterson, author of *12 Rules for Life* From host of *The Rubin Report*, the most-watched talk show about free speech and big ideas on YouTube right now, a roadmap for free thinking in an increasingly censored world. The left is no longer liberal. Once on the side of free speech and tolerance, progressives now ban speakers from college campuses, "cancel" people who aren't up to date on the latest genders, and force religious people to violate their conscience. They have abandoned the battle of ideas and have begun fighting a battle of feelings. This uncomfortable truth has turned moderates and true liberals into the politically homeless class. Dave Rubin launched his political talk show *The Rubin Report* in 2015 as a meeting ground for free thinkers who realize that partisan politics is a dead end. He hosts people he both agrees and disagrees with—including those who have been dismissed, deplatformed, and despised—taking on the most controversial issues of our day. As a result, he's become a voice of reason in a time of madness. Now, Rubin gives you the tools you need to think for yourself in an age when tribal outrage is the only available alternative. Based on his own story as well as his experiences from the front lines of the free speech wars, this book will empower you to make up your own mind about what you believe on any issue and teach you the fine art of: Checking your facts, not your privilege, when it comes to today's most pervasive myths, from the wage gap and gun violence to climate change and hate crimes. Standing up to the mob against today's absurd PC culture, when differences of opinion can bring relationships, professional or personal, to a sudden end. Defending the classically liberal principles such as individual rights and limited government, because freedom is impossible without them. The Progressive Woke Machine is waging war against the last free thinkers in the world. *Don't Burn This Book* is the definitive account of our current political upheaval and your guide to

surviving it.

**The Moral Foundations of Politics** - Ian Shapiro 2012-10-30

When do governments merit our allegiance, and when should they be denied it? Ian Shapiro explores this most enduring of political dilemmas in this innovative and engaging book. Building on his highly popular Yale courses, Professor Shapiro evaluates the main contending accounts of the sources of political legitimacy. Starting with theorists of the Enlightenment, he examines the arguments put forward by utilitarians, Marxists, and theorists of the social contract. Next he turns to the anti-Enlightenment tradition that stretches from Edmund Burke to contemporary post-modernists. In the last part of the book Shapiro examines partisans and critics of democracy from Plato's time until our own. He concludes with an assessment of democracy's strengths and limitations as the font of political legitimacy. The book offers a lucid and accessible introduction to urgent ongoing conversations about the sources of political allegiance.

**Democratic Justice** - Ian Shapiro 1999-01-01

Democracy and justice are often mutually antagonistic ideas, but in this innovative book Ian Shapiro shows how and why they should be pursued together. Justice must be sought democratically if it is to garner legitimacy in the modern world, he claims, and democracy must be justice-promoting if it is to sustain allegiance over time. *Democratic Justice* meets these criteria, offering an attractive vision of a practical path to a better future. Wherever power is exercised in human affairs, Shapiro argues, the lack of democracy will be experienced as injustice. The challenge is to democratize social relations so as to diminish injustice, but to do this in ways that are compatible with people's values and goals. Shapiro shows how this can be done in different phases of the human life cycle, from childhood through the adult worlds of work and domestic life, retirement, old age, and approaching death. He spells out the implications for pressing debates about authority over children, the law of marriage and divorce, population control, governing the firm, basic income guarantees, health insurance, retirement policies, and decisions made by and for the infirm elderly. This refreshing encounter between political philosophy and practical politics will interest all those who aspire to bequeath a more just world to our children than the one we have inherited.

**A Moral Universe Torn Apart** Ben Shapiro

Ben Shapiro discusses hot-button political and social issues of the day. He calls attention to the corruption of the American future due to social liberalism. This is a collection of his nationally syndicated columns from 2014.

**Slavery and Empire in Central Asia** Jeff Edén 2018-07-31

The Central Asian slave trade swept hundreds of thousands of Iranians, Russians, and others into slavery during the eighteenth-nineteenth centuries. Drawing on eyewitness accounts, autobiographies, and newly-uncovered interviews with slaves, this book offers an unprecedented window into slaves' lives and a penetrating examination of human trafficking. Slavery strained Central Asia's relations with Russia, England, and Iran, and would serve as a major justification for the Russian conquest of this region in the 1860s-70s. Challenging the consensus that the Russian Empire abolished slavery with these conquests, Edén uses these documents to reveal that it was the slaves themselves who brought about their own emancipation by fomenting the largest slave uprising in the region's history.

**Reasons to Vote for Democrats** - Michael J. Knowles 2017-04-11

The most exhaustively researched and coherently argued Democrat Party apologia to date, *Reasons to Vote for Democrats: A Comprehensive Guide* is a political treatise sure to stand the test of time. A must-have addition to any political observer's coffee table. \*\*\* Lefty lawyers require that we state the book is mostly blank and contains precisely 1,235 words.

**The Right Side of History** - Ben Shapiro 2019-03-19

A #1 NEW YORK TIMES BESTSELLER! Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California-Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are

forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In *The Right Side of History*, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good.

Seven Questions Unabridged Pod - Ben Shapiro 2021-07-15

**The Prisoner in His Palace** - Will Bardenwerper 2017-06-06

In the tradition of *In Cold Blood* and *The Executioner's Song*, this haunting, insightful, and surprisingly intimate portrait of Saddam Hussein provides "a brief, but powerful, meditation on the meaning of evil and power" (USA TODAY). The "captivating" (Military Times) *The Prisoner in His Palace* invites us to take a journey with twelve young American soldiers in the summer of 2006. Shortly after being deployed to Iraq, they learn their assignment: guarding Saddam Hussein in the months before his execution. Living alongside, and caring for, their "high value detainee and regularly transporting him to his raucous trial, many of the men begin questioning some of their most basic assumptions—about the judicial process, Saddam's character, and the morality of modern war. Although the young soldiers' increasingly intimate conversations with the once-feared dictator never lead them to doubt his responsibility for unspeakable crimes, the men do discover surprising new layers to his psyche that run counter to the media's portrayal of him. Woven from firsthand accounts provided by many of the American guards, government officials, interrogators, scholars, spies, lawyers, family members, and victims, *The Prisoner in His Palace* shows two Saddams coexisting in one person: the defiant tyrant who uses torture and murder as tools, and a shrewd but contemplative prisoner who exhibits surprising affection, dignity, and courage in the face of looming death. In this thought-provoking narrative, Saddam, known as the "man without a conscience," gets many of those around him to examine theirs. "A singular study exhibiting both military duty and human compassion" (Kirkus Reviews), *The Prisoner in His Palace* grants us "a behind-the-scenes look at history that's nearly impossible to put down...a mesmerizing glimpse into the final moments of a brutal tyrant's life" (BookPage).

The Chapo Guide to Revolution - Chapo Trap House 2019-10-15

Instant New York Times bestseller "Howard Zinn on acid or some bullsh\*t like that." —Tim Heidecker The creators of the cult-hit podcast Chapo Trap House deliver a manifesto for everyone who feels orphaned and alienated—politically, culturally, and economically—by the lanyard-wearing Wall Street centrism of the left and the lizard-brained atavism of the right: there is a better way, the Chapo Way. In a guide that reads like "a weirder, smarter, and deliciously meaner version of *The Daily Show's 2004 America (The Book)*" (Paste), Chapo Trap House shows you that you don't have to side with either sinking ships. These self-described "assholes from the internet" offer a fully ironic ideology for all who feel politically hopeless and prefer broadsides and tirades to reasoned debate. Learn the "secret" history of the world, politics, media, and everything in-between that THEY don't want you to know and chart a course from our wretched present to a utopian future where one can post in the morning, game in the afternoon, and podcast after dinner without ever becoming a poster, gamer, or podcaster. A book that's "as intellectually serious and analytically original as it is irreverent and funny" (Glenn Greenwald, New York Times bestselling author of *No Place to Hide*) *The Chapo Guide to Revolution* features illustrated taxonomies of contemporary liberal and conservative characters, biographies of important thought leaders, "never before seen" drafts of Aaron

Sorkin's Newsroom manga, and the ten new laws that govern Chapo Year Zero (everyone gets a dog, billionaires are turned into Soylent, and logic is outlawed). If you're a fan of sacred cows, prisoners being taken, and holds being barred, then this book is NOT for you. However, if you feel disenfranchised from the political and cultural nightmare we're in, then Chapo, let's go...

Stones To Abbigale - Onision 2015-03-29

I want to be direct, my name is Greg. I go by "Onision" online. This book is made up of events that occurred in my own life mixed with fiction from the made up life of James. James is essentially a better version of myself. His home, his school & his life all resemble my own at his age. The people James analyzes and is surrounded by are not so unlike those I've known as well. I have experienced much of the loss James has however his happier moments are more often than not also mine. I want to share my story without it being purely non-fiction. I simply felt this approach would make for a far better book. *Stones to Abbigale* is not just my book, it is a piece of who I am.

1606 - James Shapiro 2016-04-07

"An intimate portrait of one of Shakespeare's most inspired moments: the year of *King Lear*, *Macbeth* and *Antony and Cleopatra*. 1606, while a very good year for Shakespeare, is a fraught one for England. Plague returns. There is surprising resistance to the new king's desire to turn England and Scotland into a united Britain. And fear and uncertainty sweep the land and expose deep divisions in the aftermath of the failed terrorist attack that came to be known as the Gunpowder Plot. James Shapiro deftly demonstrates how these extraordinary plays responded to the tumultuous events of this year, events that in unexpected ways touched upon Shakespeare's own life ... [and] profoundly changes and enriches our experience of his plays-- Publisher's description.

Say It's So - Ben Shapiro 2017-05-17

Since 1917, no fan of the Chicago White Sox had seen their team win a World Series. Three generations. A lifetime. In the Shapiro household, the White Sox were lifeblood, passed along with the family name: from Nate to David, from David to Ben. Then, in 2005, the White Sox finally made a run. In "Say It's So," David and Ben Shapiro document that glorious year from the perspective of a father and son rooting for the team -- and rooting for each other. "I read a lot of books on baseball, but it's a rare one that can take me back to the summer of 1967, when I sat on the front porch with my father listening to radio broadcasts of the Impossible Dream Boston Red Sox. David and Ben Shapiro are loyal to a different brand of Sox, but their collaboration reflects the same passion for baseball that unites generations. This book is written with insight, humor and -- most important -- a love of the game that should resonate with fathers and sons regardless of their team allegiance." -- Jerry Crasnick, ESPN.com and Baseball America "Ben and David Shapiro's 'Say It's So' beautifully captures the special relationship between fathers and sons that's so closely linked to our national pastime. Wonderful, moving, and uplifting." -- Dana Perino, co-host of Fox News' *The Five* and New York Times bestselling author of *Let Me Tell You About Jasper* "Baseball brings people together like no other sport, and in Ben and David Shapiro's new book, they show just why -- why fathers and sons will forever be playing catch together, and forever rooting together for teams to which they pledge their faith, even if it takes a century to be fulfilled." -- Mark Levin, nationally syndicated talk show host and New York Times bestselling author of *Rescuing Sprite*

**Primetime Propaganda** - Ben Shapiro 2011-05-31

"Vitaly important, devastatingly thorough, and shockingly revealing.... After reading *Primetime Propaganda*, you'll never watch TV the same way again." —Mark Levin Movie critic Michael Medved calls Ben Shapiro, "One of our most refreshing and insightful voices on the popular culture, as well as a conscience for his much-maligned generation." With *Primetime Propaganda*, the syndicated columnist and bestselling author of *Brainwashed*, *Porn Generation*, and *Project President* tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg's *Bias and A Slobbering Love Affair* did for the liberal news machine, Shapiro's *Primetime Propaganda* is an essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.

**The Audacity of Truth** - Albert A. Hernandez 2018-10-12

From terrorist attacks to anti-patriotism in our classrooms and beyond, the United States of America is under attack from all fronts. We are quickly losing our identity as Americans, and the American dream has become an American nightmare for many. Just look around. Child pornography is everywhere, filth permeates television airwaves, the homosexual and feminist movements have forced legislation for the legalization of marriage between gays and lesbians, and abortion and divorce are commonplace. Meanwhile, rebellious and obnoxious youth are everywhere, violence is constant, and our national and local governments are dysfunctional. Our health care system is also a mess: We are a fat, irresponsible, and a sick nation. We've neglected our health and abused our bodies. We are continuously and carelessly exhausting those systems designed to care for us, and the ramifications are taking a serious toll. It's time to seek real solutions to the problems that plague us with the insights in *The Audacity of Truth*.

**The Weed Agency** - Jim Geraghty 2014-06-03

The spellbinding mock history of the Department of Agriculture's most secretive and vital agency. The little-known USDA Agency of Invasive Species—founded by President and humble peanut farmer Jimmy Carter—would like to reassure you that they rank among the most effective and cost-efficient offices within the sprawling federal bureaucracy. For decades, under Administrative Director Adam Humphrey and his “strategic disengagement” approach, the Agency has epitomized vigilance against the clear and present danger of noxious weeds. Humphrey’s record of triumphant inertia faces only two obstacles. The first is reality; the second is the loud critic who dares to question the magic behind the Agency’s success: Nicholas Bader. Formerly known as President Reagan’s “bloody right hand,” Bader is on an obsessive quest to trim the fat from the federal budget. Full of oddball characters who shed light on the daily operations of Beltway minions, *The Weed Agency* showcases a world in which federal budgets balloon every year, where a career can be built upon the skill of rationalizing astronomical expenses, and where the word “accountability” sends roars of laughter through DC office buildings. That’s life inside the federal Agency of Invasive Species... and it may sound suspiciously similar to your reality.

**Evil in America** - Ben Shapiro 2017-04-10

*How to Destroy America in Three Easy Steps* - Ben Shapiro 2020-07-21

A NEW YORK TIMES BESTSELLER! A growing number of Americans want to tear down what it’s taken us 250 years to build—and they’ll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can’t agree on what makes America special. We can’t even agree that America is special. We’re coming to the point that we can’t even agree what the word America itself means. “Disintegrationists” say we’re stronger together, but their assault on America’s history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn’s *A People’s History of the United States* to the New York Times’ 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America’s culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional “unionist” understanding that all Americans are united in a shared striving toward the perfection of universal ideals. *How to Destroy America in Three Easy Steps* shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don’t recover these shared truths, our future—our union—as a great country is threatened with destruction.

**Unjust** - Noah Rothman 2019-01-29

"An elegant and thoughtful dismantling of perhaps the most dangerous ideology at work today." — BEN SHAPIRO, bestselling author and host of "The Ben Shapiro Show" "Reading Noah Rothman is like a workout for your brain." — DANA PERINO, bestselling author and former press secretary to President George W. Bush There are just two problems with “social justice”: it’s not social and it’s not just. Rather, it

is a toxic ideology that encourages division, anger, and vengeance. In this penetrating work, Commentary editor and MSNBC contributor Noah Rothman uncovers the real motives behind the social justice movement and explains why, despite its occasionally ludicrous public face, it is a threat to be taken seriously. American political parties were once defined by their ideals. That idealism, however, is now imperiled by an obsession with the demographic categories of race, sex, ethnicity, and sexual orientation, which supposedly constitute a person’s “identity.” As interest groups defined by identity alone command the comprehensive allegiance of their members, ordinary politics gives way to “Identitarian” warfare, each group looking for payback and convinced that if it is to rise, another group must fall. In a society governed by “social justice,” the most coveted status is victimhood, which people will go to absurd lengths to attain. But the real victims in such a regime are blind justice—the standard of impartiality that we once took for granted—and free speech. These hallmarks of American liberty, already gravely compromised in universities, corporations, and the media, are under attack in our legal and political systems.

**The No Cussing Club** - McKay Hatch 2009-11-01

14-year-old McKay Hatch has been the target of bullying at school and intense cyberbullying as well. All because he took a stand to tell his friends, "Don't Cuss." Here, in McKay's own story, see how the No Cussing Club he started at his high school caught the attention of the world. Discover how he did it, how he persevered against severe peer pressure, how he is making a difference in thousands of people's lives-and how you can too.

**Give Them an Argument** - Ben Burgis 2019-05-31

Many serious leftists have learned to distrust talk of logic and logical fallacies, associated with right-wing "logicbros". This is a serious mistake. Unlike the neoliberal technocrats, who can point to social problems and tell people "trust us", the serious Left must learn how to argue and persuade. In *Give Them an Argument*, Ben Burgis arms his reader with the essential knowledge of formal logic and informal fallacies.

**True Allegiance** - Ben Shapiro 2016-11-01

New York Times bestselling author Ben Shapiro’s new novel asks how close are we to our country’s collapse—and will we be able to stop it once it begins? America is coming apart. An illegal immigration crisis has broken out along America's Southern border—there are race riots in Detroit—a fiery female rancher-turned-militia leader has vowed revenge on the president for his arrogant policies—and the world's most notorious terrorist is planning a massive attack that could destroy the United States as we know it. Meanwhile the President is too consumed by legacy-seeking to see our country’s deep peril. Brett Hawthorne is the youngest general in the United States Army—and he’s stuck, alone, behind enemy lines in Afghanistan. He’s the last lost soldier of a failed war, fighting to stay alive and make it back home—but will he be able to stop the collapse of America in time?

**Two Tears on the Window** - Kevin Garratt 2018-11-27

*Two Tears on the Window*, is Julia and Kevin Garratt's true story of their 775-day abduction and imprisonment in China as pawns in a political play between China, Canada and the United States. In August 2014 State Security agents grabbed them, accusing them of espionage. In shock, they were unaware of a Chinese spy arrest in Canada, giving the US "some leverage over China to bring a stop to more than a decade of rampant cybertheft" or that they'd become "bargaining chips in China's desperate countermove." (Graff, Garrett M. "How the US Forced China to Quit Stealing-Using a China Spy." *Wired Magazine*. October 11, 2018) This compelling story of a Canadian Christian couple who spent 30 years working and raising their family in China, involved in aid, education and social enterprise is a unique parallel journey. From the early days teaching English in a decade of ration coupons and collective work units, Kevin and Julia watched with admiration as China catapulted into the modern age with unprecedented speed. Well-loved in China, the Garratt's had always been thanked for their work in education, social welfare, social enterprises and community service. In 2007, along with two of their children, they moved to the China/North Korea border, opened a popular coffee shop and provided aid and assistance for marginalized communities in Dandong, China and North Korea. Their sudden disappearance plunged them into a journey where survival took every breath. Through their harrowing ordeal and intense suffering comes life-changing insight. They find themselves part of new community of those who've tasted yet overcome the pain of injustice. Courage and kindness, friendship and faith, resonates through the ordeal with the

heartbeat of a love journey. Artfully written, *Two Tears in the Window* combines Kevin's gifted story-telling and humour with Julia's ability to let you see through their eyes and draw readers into deeply painful yet profoundly life-changing experiences.

*True Allegiance* Ben Shapiro 2017-09-19

New York Times bestselling author Ben Shapiro's new novel asks how close are we to our country's collapse—and will we be able to stop it once it begins? America is coming apart. An illegal immigration crisis has broken out along America's Southern border—there are race riots in Detroit—a fiery female rancher-turned-militia leader has vowed revenge on the president for his arrogant policies—and the world's most notorious terrorist is planning a massive attack that could destroy the United States as we know it. Meanwhile the President is too consumed by legacy-seeking to see our country's deep peril. Brett Hawthorne is the youngest general in the United States Army—and he's stuck, alone, behind enemy lines in Afghanistan. He's the last lost soldier of a failed war, fighting to stay alive and make it back home—but will he be able to stop the collapse of America in time?

*Speechless* - Michael Knowles 2021-06-22

"Every single American needs to read Michael Knowles's *Speechless*. I don't mean 'read it eventually.' I mean: stop what you're doing and pick up this book." —CANDACE OWENS "The most important book on free speech in decades—read it!" —SENATOR TED CRUZ A New Strategy: We Win, They Lose The Culture War is over, and the culture lost. The Left's assault on liberty, virtue, decency, the Republic of the Founders, and Western civilization has succeeded. You can no longer keep your social media account—or your job—and acknowledge truths such as: Washington, Jefferson, and Columbus were great men. Schools and libraries should not coach children in sexual deviance. Men don't have uteruses. How did we get to this point? Michael Knowles of *The Daily Wire* exposes and diagnosis the losing strategy we have fallen for and shows how we can change course—and start winning. In the groundbreaking *Speechless: Controlling Words, Controlling Minds* Knowles reveals: How the "free speech absolutists" gave away the store The First Amendment does not require a value-neutral public square How the Communists figured out that their revolution could never succeed as long as the common man was attached to his own culture Where political correctness came from How, comply or resist, political correctness is a win-win game for the bad guys Why taking our stand on "freedom of speech" helps put atheism, decadence, and nonsense on the same plane with faith, virtue, and reality The real question: Will we shut down drag queen story hour, or cancel Abraham Lincoln? For 170 years the First Amendment was compatible with prayer in public school How the atheists got the Warren Court to rule their way To this day, there's a First Amendment exception for obscenity. What exactly is the argument that perverts' teaching toddlers to twerk is not obscene? Read *Speechless: Controlling Words, Controlling Minds* if you want to learn how to take the fight to the enemy.

**Fortitude** - Dan Crenshaw 2020-04-07

Jordan Peterson's *Twelve Rules for Life* meets Jocko Willink and Leif Babin's *Extreme Ownership* in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face—we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit—long characterized by grit and fortitude—is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with *Fortitude*. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. *Fortitude* is a no-nonsense advice book for finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces. Interspersed with lessons from history and psychology is Crenshaw's own story

of how an average American kid from the Houston suburbs went from war zones to the halls of Congress—and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

*Clear and Present Danger* Michael A. Cohen 2019-03-26

An eye-opening look at the history of national security fear-mongering in America and how it distracts citizens from the issues that really matter What most frightens the average American? Terrorism. North Korea. Iran. But what if none of these are probable or consequential threats to America? What if the world today is safer, freer, wealthier, healthier, and better educated than ever before? What if the real dangers to Americans are noncommunicable diseases, gun violence, drug overdoses—even hospital infections? In this compelling look at what they call the "Threat-Industrial Complex," Michael A. Cohen and Micah Zenko explain why politicians, policy analysts, academics, and journalists are misleading Americans about foreign threats and ignoring more serious national security challenges at home. Cohen and Zenko argue that we should ignore Washington's threat-mongering and focus instead on furthering extraordinary global advances in human development and economic and political cooperation. At home, we should focus on that which actually harms us and undermines our quality of life: substandard schools and healthcare, inadequate infrastructure, gun violence, income inequality, and political paralysis.

**Devoted** - Dean Koontz 2020-04-16

One boy with the power to save the world. One man with the will to destroy it. The chilling, unputdownable new standalone thriller from Dean Koontz, the master of suspense. "The master of our darkest dreams" *The Times*

**Keeper Martin's Tale** - Robert Stanek 2008-02

In this first book of Robert Stanek's multilayered epic fantasy, three heroes set out on an epic journey of discovery only to find that at the end of their journey nothing is what they thought it was and that their world is undergoing a transformation that will change everything. Survival in a changing world depends on their ability to adapt and if they fail, their world and everything they believe in will perish.

**Trigger Warning** - William W. Johnstone 2018-08-28

From the USA Today–bestselling authors of *Stand Your Ground* comes the explosive story of a liberal college under siege—and freedom under fire. Former Army Ranger Jake Rivers is not your typical Kelton College student. He is not spoiled, coddled, or ultra-lib like his classmates who sneer at the "soldier boy." But regardless of his differences with the rest of the student body, he needs an education. And when terror strikes, the school needs Jake. Without warning, the sounds of gunfire plunge the campus into a battle zone. A violent gang of marauders invade the main hall, taking students hostage for ransom. As a veteran and patriot, Jake won't give in to their demands. But to fight back, he needs to enlist his fellow classmates and school them in the not-so-liberal art of war. This time, the aggression isn't "micro." It's life or death. And only the strong survive.

**Captive of Gor** - John Norman 2014-04-01

A woman from Earth is forced into sex slavery on the fantasy planet of Counter Earth in this *Gorean Saga* novel. In this installment of the *Gorean Saga*, beautiful and headstrong Elinor Brinton of Earth finds herself thrust into the savage world of Counter Earth, also known as Gor. Brinton must relinquish her earthly position as a beautiful, wealthy, and powerful woman when she finds herself a part of the harsh *Gorean* society. She is powerless as a female pleasure slave in the camp of Targo the slave-merchant. Forced to learn the arts of providing pleasure to any man who buys her, Elinor is determined to escape. Nevertheless, she is sold for a high price, and her master is determined to get his money's worth . . . Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Captive of Gor* is the 7th book in the *Gorean Saga*, but you may enjoy reading the series in any order.

*Project President* Ben Shapiro 2010-02-22

*Project President* is a hilarious romp through American electoral history. From short, fat, bald John Adams' wig-throwing tantrums during the 1800 election to Abraham Lincoln's decision to grow a beard in 1860; from John F. Kennedy's choice to forgo the fedora at his inauguration to John Kerry's decision to get Botoxed for the 2004 race; from the Golden Age of Facial Hair (1860-1912) to the Age of the Banker (1912-1960); from Washington's false teeth to George W. Bush's workout regimen, *Project President* tells

the story of America's love affair with presidential looks and appearance, why that often matters more than a politico's positions on the issues, and what might well be coming next. "I'm constantly citing the power of dress. It's semiology: our clothes send a message about how we want to be perceived, and where is this more powerful and evident than in elected offices. In Project President, Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis. It's simultaneously fascinating and hilarious!" -Tim Gunn Project Runway, Liz Claiborne, Inc. "Ben Shapiro takes a romp through American history and shows how personality--and even haircuts--have elected or defeated presidential candidates. It's a tour through history that fans of both parties will enjoy--and can learn from." -Michael Barone Resident scholar, American Enterprise Institute Senior Writer, U.S. News & World Report Co-author, The Almanac of American Politics "Presidential politics has always been more superficial than we'd like to admit. With a stylish and likeable touch befitting a strong candidate, Ben Shapiro takes us deep into the shallowness that has shaped American history." -Jonathan Alter Newsweek "Shapiro deftly explains how height, hair and handsomeness can affect a candidate's campaign as much as issues. A fun, informative read." -Glenn Beck Nationally syndicated talk show host Host of CNN's The Glenn Beck Show "A hilarious and illuminating journey through America's centuries-long fascination with presidential image-making. Whether you're left, right, moderate or apathetic, this lively book will get you ready for the packaging of the '08 races." -Jim Hightower "This is a perceptive, witty-sometimes hilarious-look at the realities behind the faces and the

facades, the slogans and the character assassinations, of each presidential campaign from George Washington to today - with much for us to ponder for tomorrow." -Sir Martin Gilbert Official biographer of Winston Churchill "An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics. If you're thinking of running for president, read this book before you spend a dime on a political consultant." -Rich Lowry National Review COLMES: Who do you want [for the Supreme Court]? ANN COULTER: Thank you for asking. I want Ben Shapiro. COLMES: Ben Shapiro. ANN COULTER: Yes. He just finished his first year at Harvard Law, 21 years old. COLMES: You mean for a date or for the court? ANN COULTER: No, for the court. He's my candidate. He's very bright. He's already written one best-selling book. (CROSSTALK) COLMES: You want to put a 21-year-old guy on the court? ANN COULTER: Twenty-one, and he's just finished first year of Harvard Law. COLMES: So you want someone who's going to be on the court for 50, 60 years? Is that - is that the whole idea? ANN COULTER: No, I just happen to like Ben Shapiro. Hannity and Colmes Fox News Channel July 8, 2005

**The People Vs. Barack Obama** - Ben Shapiro 2014-06-10

The best-selling author of Brainwashed presents a critical assessment of the Obama administration, alleging broad-scale power abuses and corruption involving rights violations, espionage, economic micromanagement and more.

True Allegiance - Ben Shapiro 2016-11-01
