Turkish Foreign Policy - Pinar Gözen Ercan 2017-04-07

Rich in its spatial scope, this edited collection provides an extensive and detailed overview of contemporary Turkish foreign policy. From the founding principles of foreign policy in the early republic to changing patterns during the second half of the 20th century, this text not only charts underexplored periods in Turkish foreign policy history, but also offers a fresh analysis of recent events, with new challenges ever-emerging in this region. This volume is essential reading for students, scholars and professionals of International Relations, foreign policy and international law who would like to study Turkish foreign policy.

Turkey - Amikam Nachmani 2003

Turkey's involvement in the Gulf War in 1991 paved the way for the country's acceptance into the European Union. This book traces that process and looks at Turkey's foreign policy in the 1990s, considering the repercussions of the fall of communism. It focuses on Turkey's strategic importance that resulted from the waning of the Cold War and the disintegration of the Soviet Union, the skillful way in which Turkey avoided becoming embroiled in the ethnic upheavals in Central Asia, the Balkans and the Middle East, and the development of a continued policy of closer integration into the European and western worlds.

Debating Security in Turkey - Ebru Canan-Sokullu 2013

Debating Security in Turkey: Challenges and Changes in the Twenty-First Century, edited by Ebru Canan-Sokullu, maps out Turkish security policy and politics entangling hard power and soft power dynamics, reflecting a multidimensional look at Turkey's changing security agenda, with internal and external challenges and opportunities at the outset of the twenty-first century. This essential collection produces a comprehensive research for academia and significant policy choices for the decision-makers at national, regional, and transatlantic levels regarding Turkey.

Islamism, Democracy and Liberalism in Turkey - William Hale 2009-09-17

The Justice and Development Party (AKP) were elected to power in 2002 and since then Turkish politics has undergone considerable change. This book is a comprehensive analysis of the AKP, in terms not just of its ideological agenda, but also of its social basis and performance in office in the main theatres of public policy - political reform, and cultural, economic and foreign policies. Based on an extensive analysis of official and party documents, interviews, academic sources and media coverage, the book outlines the main features of the current global debate on the relationship between Islam, Islamism and democracy. While most top AKP leaders come from an Islamist background, the party has behaved as a moderate, centre-right, conservative democratic party who are fully committed to democracy, a free market economy and Turkey's EU membership. The book explores and analyses these changes in Turkish politics, and provides coverage of the workings of the contemporary Turkish political systems, policy and ideological issues that go to the heart of Turkish identity. Filling a gap in the existing Turkish and English literature on the subject, this book will be an important contribution to Political Science, particularly the areas of Turkish politics, Middle Eastern studies, Islamic studies and comparative politics.

Turkey's Relations with the Middle East - Hüseyin Işıksal 2017-09-18

This volume examines contemporary political relations between Turkey and the Middle East. In the light of the Arab Uprisings of 2011, the Syria Crisis, the escalation of regional terrorism and the military coup attempt in Turkey, it illustrates the dramatic fluctuations in Turkish foreign policy towards key Middle Eastern countries, such as Iran, Saudi Arabia, Egypt, Syria and Iraq. The contributors analyze Turkey's deepening involvement in Middle Eastern regional affairs, also addressing issues such as terrorism, social and political movements and minority rights struggles. While these problems have traditionally been regarded as domestic matters, this book highlights their increasingly regional dimension and the implications for the foreign affairs of Turkey and countries in the Middle East.

Turkey and the Politics of National Identity - Shane Brennan 2014-09-19

In the first decade of the twenty-first century Turkey experienced an extraordinary set of transformations. In 2001, in the midst of financial difficulties, the country was under IMF stewardship, yet it has recently emerged as one of the fastest growing economies in the world. And on the international stage, Turkey has managed to enhance its position from being a backseat NATO member and outside candidate for EU membership to being an influential regional power, determining and developing its own individual foreign policy. Shane Brennan and Marc Herzog explore how these and other changes have shaped the way people in Turkey perceive themselves and how the country's self-image shapes its actions. In the modern age, the sovereign nation-state still continues to be one of the basic building blocks of social or political identity. The Turkish Republic, founded in 1923, is a good example. In weaving together and selecting certain elements of memory, myth, tradition and symbols, the narratives of national identity in Turkey have been, to a large extent, socially constructed. This volume offers analysis of the ways in which these narratives have been created, maintained and negotiated, and how current economic and political interests have been incorporated into the construction of a modern identity. External forces such as those of cultural and economic globalisation have also been influential agents in this process. As a result, the space and opportunity for social and cultural expression has increasingly widened while alternative identities and life-style choices at both the collective and individual levels have also become more visible. Bearing this in mind, this book examines issues such as those of alternative gender identity and sexual orientation, formerly taboo issues. Through different approaches engaging with politics, economy, society, culture and history, *Turkey and the Politics of National Identity* offers new perspectives on the transformation of national identity in this increasingly influential country in the Middle East.

Turkish-French Relations - Aurélien Denizeau

This book explores both the history and current diplomatic and foreign policy challenges in Turkish-French relations. By critically analyzing Turkish and French government and archival documents, as well as other primary sources, it reviews the evolution of Turkish-French relations and offers a better understanding of various diplomatic issues, foreign policy decisions, and geopolitical questions. Furthermore, it sheds new light on the significance of domestic political demands for foreign policy decisions and the importance of mutual perceptions in shaping the two countries relations. The book is divided into three parts, the first of which studies the history of Turkish-French relations, including the Ottoman Empires trade relations with France, Frances relations with the modern Republic of Turkey, and relations during the Cold War and its

aftermath. The second part analyzes various dimensions, including diplomatic challenges, the two countries foreign policy concepts, geopolitical aspects, economic and trade relations, and their cultural relationship. In turn, the third part presents case studies on more specific issues related to Franco-Turkish relations, including Turkey's EU accession process, the Armenian and Kurdish issues, and French and Turkish perspectives on the MENA region.

Turkey in Africa - Elem Eyrice Tepeciklioğlu 2021-07-12

This book offers a comprehensive and multi-disciplinary analysis of Turkey-Africa relations. Bringing together renowned authors to discuss various dimensions of Turkey's African engagement while casting a critical analysis on the sustainability of Turkey-Africa relations, this book draws upon the rising power literature to examine how Turkish foreign policy has been conceptualized and situated theoretically. Moving from an examination of the multilateral dimension of Turkey's Africa policy with a focus on soft power instruments of public diplomacy, humanitarian/development assistance, religious activities and airline diplomacy, it then illuminates the economic and military dimensions of Turkey's policy including trade relations, business practices, security cooperation and peacekeeping discourse. Overall, it shows how Turkey's African opening can be integrated into its wider interest in gaining global power status and its desire to become a strong regional power. This book will be of key interest to scholars and students of Turkish foreign policy/politics, African politics, and more broadly to international relations.

A Neoclassical Realist Approach to Turkey under JDP Rule - Göktuğ Sönmez 2020-02-24

This book addresses the shift in Turkish foreign policy in the post-Cold War era from a neoclassical realist point of view. In its analysis of Turkey's pursuit of 'an activist grand strategy', it focuses on the interplay between international and domestic factors. It puts forth its argument through analysis of Turkey's bilateral relations with Iran, Israel and the European Union. It offers comprehensive examinations of international relations theory and neoclassical realism (NCR). The book not only makes sense of Turkish foreign policy under the JDP rule, but also provides a comprehensive analysis of NCR's explanatory power. It will primarily appeal to scholars on Turkey, international relations theory, realism, and Middle Eastern politics and students studying these areas, as well as think-tankers, journalists and researchers.

Rising Powers in International Conflict Management - Emel Parlar Dal 2020-05-21

Rising Powers in International Conflict Management locates rising powers in the international conflict management tableau and decrypts their main motives and limitations in the enactment of their peacebuilding role. The book sheds light on commonalities and divergences in a selected group of rising powers' (namely Brazil, India, China, and Turkey) understanding and applications of conflict management and explains the priorities in their conflict management strategies from conceptual/theoretical and empirical aspects. The case studies point to the evolving nature of conflict management policies of rising powers as a result of their changing priorities in foreign and security policy and the shifts observed in the international order since the end of the Cold War. The country-specific perspectives provided in this study have also proven right the potentialities of rising powers in managing conflicts, as well as their past and ongoing challenges in envisaging crises in both their own regions and extra-regional territories. Improving the understanding of the strengths and weaknesses of rising powers as conflict management actors and peacebuilders at regional and international levels, Rising Powers in International Conflict Management will be of great interest to scholars of international relations, conflict studies, and peacebuilding. The chapters were originally published as a special issue of Third World Quarterly.

Contentious Issues of Security and the Future of Turkey - Nursin Atesoglu Guney 2018-01-18

Security is a major contemporary concern, with foreign and security policies topping the agenda of many governments. At the centre of Western security concerns is Turkey, due to its geographical proximity to converging major fault lines such as the Caucasus, the Mediterranean and the Middle East. As trans-Atlantic debates evolve around these major fault lines, future relations will have a direct impact on the re-orientation of Turkish foreign and security policies. This comprehensive study focuses on the future of Turkish foreign and security policies within the emerging strategies of the two Wests. Discussing the challenges Turkey has been facing since the turn of the century, it examines Turkish foreign policy in the context of trans-Atlantic relations - as a global actor, and with respect to conflict, new power relations, energy security, Greece, Cyprus and the environment.

Turkey's Perception of its Role in the Middle East - Thomas Volk 2022-05-16

Das Buch analysiert die sich wandelnde Selbstwahrnehmung türkischer Entscheidungsträger hinsichtlich der regionalen Außenpolitik der Türkei im Nahen Osten zwischen 1983 und 2002. Es wird untersucht, wie sich die türkische Selbstwahrnehmung seit der Militärintervention 1980 bis zum Amtsantritt der Partei für Gerechtigkeit und Entwicklung von Recep Tayyip Erdoğan im Jahr 2002 von einem Brückenland (köprüülke) zu einem zentralen Land (merkezülke) oder einem Schlüsselstaat veränderte und welche Faktoren diese Veränderungen erklären können. Es wird argumentiert, dass die sich verändernde regionale Selbstwahrnehmung der Türkei immer im Kontext und in Wechselwirkung mit nationalen und internationalen Transformationsprozessen und der Spannung zwischen Nationalismus und Islam innerhalb der Türkei gesehen werden muss. Das Buch erweitert das Bild der Türkei im Bereich der Nahoststudien.

Brazil as a Rising Power - Kai Michael Kenkel 2016-01-08

This book examines the normative tensions inherent in upward mobility within the international system, focusing particularly on the clash between sovereign self-interest and the putatively universal norms associated with international interventions. It provides extensive detail and deep analysis of Brazil's nature as a rising power, and that nature's implications for how the country crafts its international profile on issues such as intervention. In addition, the book proposes innovative ways of (re)organising thematic, conceptual and empirical research on the normative behaviour of emergent powers with regard to institutions of global governance and questions of intervention. In analysing what distinguishes Brazil as a rising power, the contributors begin from the assumption that participation in intervention is an increasingly crucial element in demonstrating the capacity and responsibility for which demand accrues as a state seeks increased international profile. As such, the debates around intervention serve as an indicative locus for examining the clash of norms that accompanies emergence as a global player. The book's approach is to organise the analysis around thematic rather than chronological or praxis-based lines, using the Brazilian case as an illustrative example capable of extrapolation to other emerging powers such as Turkey, India and others. This work draws together rich empirical detail with sophisticated and varied conceptual analysis and will be of interest to scholars of international relations, Latin-American politics and global governance.

Turkey: Facing a New Millennium - Amikam Nachmani 2010-02-15

Turkey's involvement in the Gulf War in 1991 paved the way for the country's acceptance into the European Union. This book, newly available in paperback, traces that process and in the first part looks at Turkey's foreign policy in the 1990s, considering the ability of the country to withstand the repercussions of the fall of communism. It focuses on Turkey's achievement in halting and minimizing the effects of the temporary devaluation in its strategic importance that resulted from the waning of the Cold War and the disintegration of the Soviet Union, the skillful way in which Turkey avoided becoming embroiled in the ethnic upheavals in Central Asia, the Balkans and the Middle East, and the development of a continued policy of closer integration into the European and western worlds. Internal politics are the focus of the second part of the book, addressing the curbing of the Kurdish revolt, the economic gains made, and the strengthening of civil society. Nachmani goes on to analyse the prospects for Turkey in the twenty-first century, in the light of the possible integration into Europe, which may leave the country's leadership free to deal effectively with domestic issues. This book will make crucial reading for anyone studying Turkish politics, or indeed European or European Union politics.

Perspectives on Turkey's Multi-Regional Role in the 21st Century Mujib Alam 2015-07-15

This book dwells upon the various aspects of the Turkish foreign policy in the different regions of the world, especially with the dawn of the twenty-first century. Turkey has attracted international attention due to a marked transformation in the country's domestic and external realms, which in turn, has led to an increased activism in its foreign policy actions. Particularly, Turkey's economic rise has fuelled the country's ambition and quest for a more significant role in international affairs. These transformations have come about with the ascendance of the Adalet ve Kalkınma Partisi (AKP) [or Justice & Development Party (JDP)] to power in 2002. Turkey, under the AKP, moved towards a 'new' direction in the foreign policy and consequently endeavoured to play a larger role in West Asia (Middle East), the Balkans, southern Mediterranean, the Caucasus, Central Asia, Africa and Asia. The country has emerged as a multi-regional player having stakes and tractions on a range of issues in these regions. The several discernible aspects of Turkey's involvement are dealt with in the contributions to this volume.

German-Turkish Relations Revisited Ebru Turhan 2019-06-14

In den letzten Jahren ist der deutsch-türkische Dialog zunehmend Gegenstand politischer, akademischer und öffentlicher Debatten geworden. Die Entwicklung der bilateralen Beziehungen zwischen den beiden Ländern war geprägt von Höhen und Tiefen. In jüngster Zeit überwiegen jedoch die Konfliktphasen: Entfremdung und gegenseitiges Misstrauen zwischen Deutschland und der Türkei nehmen zu. Endet die "Achterbahnfahrt" in den vielschichtigen und dynamischen Beziehungen zwischen beiden Ländern womöglich in einem Unglück? Ausgehend von den "intermestischen" (inter-lokalen) Tendenzen und den außergewöhnlichen Interdependenzen in den deutsch-türkischen Beziehungen beleuchtet dieser Band die Potenziale für zukünftige Kooperationen und Konflikte. Im Zentrum stehen die drei Dimensionen der deutsch-türkischen Beziehungen, die sich insbesondere auf konfliktreichen oder kooperativen Dialog beziehen: die europäische Dimension, die Innen- und Außenpolitik sowie transnationale Dynamiken. Mit Beiträgen von Mirja Schröder, Funda Tekin, Ebru Turhan, Thomas Krumm, Ludwig Schulz, Yaşar Aydın, Deniz Kuru, Defne Kadioğlu Polat, Çetin Çelik, Elif Posos Devrani und Wolfgang Wessels

The Greek-Turkish Relationship and NATO - Fotios Moustakis 2003

This publication shows that the Eastern Mediterranean, having been transformed from a region of secondary importance during the Cold War to one of greater importance for the western interests in the post-Cold War era, is in a state of flux. Despite sporadic periods of rapprochement, tensions between Greece and Turkey still exist. Therefore, one must question the grounds behind the lack of normal relations that exist between these two NATO members and its effects on the NATO organisation as a whole. Hence, this volume has two purposes first, to examine Greek and Turkish foreign, security and defence policies during and after the post-Cold War period and second, to investigate why these policies have been formulated.

Turkey in the 21st Century Özden Zeynep Oktav 2016-02-17

This unique book investigates the complex transformation of Turkey's foreign policy, focusing on changing threat perceptions and the reformulation of its Western identity. This transformation cannot be explained solely in terms of strategic choices or agency driven policies but encompasses power shifts and systemic transformations. Is Turkey shifting its axis? Will this affect its traditional Western-oriented foreign policy? The book begins by discussing the relationship between security and globalization, using examples of Turkey's regional positioning. It then focuses on to what extent the 'traditional' discourse on security in Turkish politics, which prevailed during the Cold War era and beyond, has undergone a change in the new era. This timely book is a much needed account of how pragmatism rather than ideology is the main determinant in Turkey's current foreign policy and should be read by all looking for a fresh and stimulating take on Turkey's response to globalization and the internationalization of security in the 21st Century.

The volume includes over forty chapters that cover ten area-based analyses including Turkey's relations with the EU, the Middle East, Cyprus and the US, the Balkans, the Mediterranean, Central Asia, Latin America, the Far East and International Organizations.

The Foreign Policy of Modern Turkey Özgür Tufekci 2017-01-30

In the last three decades, Turkey has attempted to build close relationships with Russia, Iran and the Turkic World. As a result, there has been ongoing debate about the extent to which Turkey's international relations axis is shifting eastwards. Özgür Tufekci argues that Eurasianist ideology has been fundamental to Turkish foreign policy and continues to have influence today. The author first explores the historical roots of Eurasianism in the 19th century, comparing this to Neo-Eurasianism and Pan-Slavism. The Özal era (1983-1993), the Cem era (1997-2002) and Davutoğlu era (since 2003) are then examined to reveal how foreign policy making has been informed by discourses of Eurasianism, and how Eurasianist ideas were implemented through internal and external socio-economic and political factors.
