Only Cram101 Outlines are Textbook Specific. Cram101 is NOT the Textbook. Accompanys: 9780521673761 Sexuality in Close Relationships - Kathleen McKinney 2014-05-22

This is one of the first volumes to examine the interface between research undertaken in sexuality and that in close relationships from a social psychological perspective. Experts from several different disciplines offer chapters that contain theory, extant literature, and their own original research on such topics as jealousy, extradyadic sexuality, communication, love, and sexual coercion. Aimed at a fairly wide audience, this book will be of interest to students, faculty, and other professionals in social psychology, sociology, communication, and family and women's studies. It is also a valuable source of information for teachers, researchers, and clinicians working in the areas of human sexuality and/or close relationships.

What Every Mental Health Professional Needs to Know About Sex - Stephanie Buehler, PsyD, CST-S 2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both a psychologist and sex therapist, this practical guide provides information, tools, and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors

Downloaded from
constructivworks.com on

of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and covers relevant ethical issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use. Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features: Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience Provides downloadable resources including assessments, worksheets, and client handouts

Healing the Wounds of Sexual

Addicti on Mark Laaser
2009-05-26

Hope--real hope--for recovery is within reach. This book goes beyond cliché answers and offers meaningful, spiritual, and practical steps to healing and freedom from sexual addiction--or any addiction. With today's rampant availability of Internet pornography, sexual addiction has become a national epidemic that affects an increasing number of Christians, even pastors and priests. As devastating as any drug habit, it brings heartbreak and despair to those it entangles. But there is help for men and women caught in sexual addiction's downward spiral. This book offers a path that leads beyond compulsive thoughts and behaviors to healing and transformation. Speaking from his own experience with sexual addiction and recovery, Dr. Mark Laaser is sensitive to the shame of sexual addiction without minimizing its sinfulness. He traces the roots of the problem, discusses its

Sexuality/Relationships Next

Generation Indie Book Awards

2015 Winner in LGBT -- What if

you weren't sexually attracted

to anyone? A growing number

of people are identifying as

asexual. They aren't sexually

attracted to anyone, and they

consider it a sexual

orientation—like gay, straight,

or bisexual. Asexuality is the

invisible orientation. Most people believe that “everyone” wants sex, that “everyone” understands what it means to be attracted to other people, and that “everyone” wants to date and mate. But that’s where asexual people are left out—they don’t find other people sexually attractive, and if and when they say so, they are very rarely treated as though that’s okay. When an asexual person comes out, alarming reactions regularly follow; loved ones fear that an asexual person is sick, or psychologically warped, or suffering from abuse. Critics confront asexual people with accusations of following a fad, hiding homosexuality, or making excuses for romantic failures. And all of this contributes to a discouraging master narrative: there is no such thing as “asexual.” Being an asexual person is a lie or an illness, and it needs to be fixed. In *The Invisible Orientation*, Julie Sondra Decker outlines what asexuality is, counters misconceptions, provides resources, and puts asexual

people's experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.

When Sex Goes to School: Warring Views on Sex--and Sex Education--Since the Sixties - Kristin Luker

2007-04-17

"It is difficult to imagine a juicier subject, or a more thoughtful, fluent, trustworthy guide for its exploration."—San Francisco Chronicle A chronicle of the two decades that noted sociologist Kristin Luker spent following parents in four America communities engaged in a passionate war of ideas and values, *When Sex Goes to School* explores a conflict with stakes that are deceptively simple and painfully personal. For these parents, the question of how their children should be taught about sex cuts far deeper than politics, religion, or even

friendship. "The drama of this book comes from watching the exceptionally thoughtful Luker try to figure [sex education] out" (Judith Shulevitz, *New York Times Book Review*). In doing so, Luker also traces the origins of sex education from the turn-of-the-century hygienist movement to the marriage-obsessed 1950s and the sexual and gender upheavals of the 1960s. Her unexpected conclusions make it impossible to look at the intersections of the private and the political in the same way.

Human Sexuality Today -

Bruce M. King 2013-11-21

Examines how human sexuality impacts students' lives today
Human Sexuality Today Plus NEW MyPsychLab with eText - Access Card Package, 8/e is an appealing, readable, and humanistic guide to human sexuality, with a sound balance between facts and understanding. sexuality. MyDevelopmentLab is an integral part of the King program. Engaging activities and assessments provide a teaching and learning system that helps measure students' success. With

MyDevelopmentLab, students can watch videos on human sexuality, study key terms and concepts with flashcards, and develop critical thinking skills through writing.

The Cambridge Handbook of the International Psychology of Women - Fanny M. Cheung
2020-06-30

There is a growing knowledge base in understanding the differences and similarities between women and men, as well as the diversities among women and sexualities.

Although genetic and biological characteristics define human beings conventionally as women and men, their experiences are contextualized in multiple dimensions in terms of gender, sexuality, class, age, ethnicity, and other social dimensions. Beyond the biological and genetic basis of gender differences, gender

intersects with culture and other social locations which affect the socialization and development of women across their life span. This handbook provides a comprehensive and up-to-date resource to understand the intersectionality of gender differences, to dispel myths, and to examine gender-relevant as well as culturally relevant implications and appropriate interventions.

Featuring a truly international mix of contributors, and incorporating cross-cultural research and comparative perspectives, this handbook will inform mainstream psychology of the international literature on the psychology of women and gender.

Introduction to Community and Public Health Manoj Sharma
2020-07-07

Learn the basics of the five core areas of community and public health Introduction to Community and Public Health, 2nd Edition covers the basics in each area of community and public health as identified by the Association of Schools of

Public Health. With a student-friendly approach, the authors discuss epidemiology, biostatistics, social and behavioral sciences, environmental health, and healthy policy and management. The book is written to serve both graduate and undergraduate public health students, as well as to help prepare for the Certified in Public Health (CPH) exam, Certified Health Education Specialist (CHES) exam and Master certified in Health Education Specialist (MCHES) exam, the book covers each of these five core disciplines, plus other important topics.

Soul Virgins - Doug Rosenau
2012-06

Sex and sexuality are hot topics these days. But many single adults are tired of the "how far is too far?" approach because it doesn't go far enough. Why does the discussion stop at the physical? What about the deeper spiritual and relational aspects of sexuality?

Pioneering Christian sex therapists Doug Rosenau and Michael Todd Wilson team up

in this helpful and hopeful book about understanding sexuality and intimacy beyond what our "do it if it feels good" culture says it is. Providing a much-needed spiritual perspective to the sexuality debate, the authors tackle difficult topics from a biblical foundation to help single adults establish practical models for maintaining purity and creating a healthy sexuality. With real-life personal stories, *Soul Virgins* helps singles accept their sexuality as a godly discipline. Rosenau and Wilson provide a 3-D discussion of body, soul, and spirit that proves sexuality is ultimately more about relational intimacy than just the physical act of sex. Originally published in Paperback by Baker Books.

APA Handbook of Sexuality and Psychology - Deborah L. Tolman 2013-10-01

Sexuality is a fundamental component of human psychological experience, and yet it remains relatively underrepresented in the history of the psychological sciences. The APA Handbook

Discovering Human Sexuality - Simon Levay
2012-03-05

The Psychology of Human Sexuality - Justin J. Lehmiller
2017-10-12

New edition of an authoritative guide to human sexual behavior from a biopsychosocial perspective
The thoroughly revised and updated second edition of The Psychology of Human Sexuality explores the roles that biology, psychology, and the social and cultural context play in shaping human sexual behavior. The author - a noted authority on the topic and an affiliate of the acclaimed Kinsey Institute - puts the spotlight on the most

recent research and theory on human sexuality, with an emphasis on psychology. The text presents the major theoretical perspectives on human sexuality, and details the vast diversity of sexual attitudes and behaviors that exist in the modern world. The author also reviews the history of sexology and explores its unique methods and ethical considerations. Overall, this important and comprehensive text provides readers with a better understanding of, and appreciation for, the science of sex and the amazing complexity of human sexuality. Features broad coverage of topics including anatomy, gender and sexual orientation, sexual behaviors, sexual difficulties and solutions, prostitution, and pornography Offers more in-depth treatment of relationships than comparable texts, with separate chapters dealing with attraction and relationship processes Includes cutting-edge research on the origins of sexual orientation and gender identity, as well as new

treatments for sexually transmitted infections and sexual dysfunctions Is written from a sex-positive perspective, with expanded coverage of cross-cultural research throughout and material that is inclusive and respectful of a diverse audience Includes numerous activities to facilitate dynamic, interactive classroom environments Written for students of human sexuality and anyone interested in the topic, *The Psychology of Human Sexuality* offers a guide to the psychology of human sexual behavior that is at once inclusive, thorough, and authoritative in its approach. *SmartBook Access Card for Understanding Human Sexuality* Janet Hyde 2013-10-02

Loose Leaf for UNDERSTANDING HUMAN SEXUALITY - Janet Shibley Hyde 2019-09-03
Since its conception, *Understanding Human Sexuality* has achieved distinction and success by following the science of human

sexuality. The first of the modern sexuality textbooks, *Understanding Human Sexuality* introduced this topic to students through the science that has uncovered what we know about the field.

Groundbreaking when it first appeared, this research-based tradition continues to result in a contemporary, balanced introduction to human sexuality in an integrated learning system that engages students in learning the content of the course, about others, and about themselves.

Human Sexuality: Self, Society, and Culture - Nicole Polen-Petit 2013-01-24
Human Sexuality: Self, Society, and Culture is a fully integrated learning system which encourages students to think critically and supports students through their journey towards greater self-awareness. It is accompanied by Learnsmart, the groundbreaking online adaptive learning diagnostic tool that provides an individualized learning environment to help students

identify what they know, and more importantly, what they don't know—helping them become active participants as they learn to appreciate all aspects of human sexuality. With its positive, thought-provoking appraisal of the human sexual experience, *Human Sexuality: Self, Society, and Culture* emphasizes the need to think critically about the contexts that shape sexuality—as well as highlights the role of sexuality in our community, culture, and society. Gil Herdt and Nicole Polen create an environment where students can feel free to explore their self-awareness while inspiring a lifelong appreciation for their sexual well-being. *Human Sexuality: Self, Society, and Culture* gives students the tools they need to embrace the entire human sexual experience with an emphasis on current and engaging research and strong coverage of diversity.

When Two Become One -

Christopher McCluskey
2006-07

A resource for married couples

looks at both the physical and spiritual side of love and sex, and introduces the Lovemaking Cycle, a guide to solving intimacy problems between husband and wife through meaningful communication.

Understanding Human Sexuality - Janet Shibley Hyde
1986

Gender Differences in Human Cognition - John T. E. Richardson
Professor of Psychology in the Department of Human Sciences Brunel University 1997-08-12

This volume in the "Counterpoints Series" summarizes and addresses the validity of research into gender differences. It also questions the ideology behind this research, and its consequences. The work is intended for researchers and students in the field of cognitive psychology and women's studies, and psychologists interested in gender issues.

Gender and Computers - Joel Cooper
2003-09-12

The authors explore the

proposition that computers have the potential for creating inequity in classroom education and in who is encouraged to pursue the study of computer science itself. They outline some psychological factors that have contributed to the inequality regarding gender and computers.

Gender Trouble - Judith Butler 2011-09-22

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

Understanding Human Sexuality Janet Hyde

2007-12-13

This trusted text examines the biological, psychological, and social science of human sexuality, provides practical information needed for everyday living, and familiarizes students with research methods used in sexuality. The author team features a unique combination of a psychologist and a sociologist, which gives this text a distinct interdisciplinary perspective. The thoroughly revised tenth edition of Hyde, *Understanding Human Sexuality*, has new features focusing on Sex Research, Sexual Diversity and the First Person, all in a briefer and better organized text! Hyde comes with access to SexSource Online, an online resource of quality video clips to accompany course material. *Sex/ gender* - Anne Fausto-Sterling 2012

perspective.

Counseling and Educational Research - Rick A. Houser
2019-02-26

Counseling and Educational Research: Evaluation and Application prepares readers to be good consumers and evaluators of research. Using concrete examples from published articles, author Rick A. Houser teaches students to take a systematic approach to evaluating professional literature critically and using it responsibly. The Fourth Edition covers evidence-based research, qualitative methods, program evaluation, and mixed methods; includes new discussions on how national accreditation standards in counseling (CACREP) and education (CAEP) apply to research; and examines how cultural influences can affect the research process.

Understanding Human Sexuality - Janet Shibley Hyde
2004

The Psychology of Women and Gender - Nicole M. Else-Quest
2021-01-20

A psychology of women textbook that fully integrates transgender research, issues, and concerns With clear, comprehensive, and cutting-edge coverage, The Psychology of Women and Gender: Half the Human Experience + delivers an authoritative analysis of classical and up-to-date research from a feminist, psychological viewpoint. Authors Nicole M. Else-Quest and Janet Shibley Hyde examine the cultural and biological similarities and differences between genders, noting how these characteristics can affect issues of equality. Students will come away with a strong foundation for understanding the dynamic influences of gender, sexual orientation, and ethnicity in the context of psychology and society. The Tenth Edition further integrates intersectionality throughout every chapter, updates language for more transgender inclusion, and incorporates new content from guidelines put forth from the American Psychological

Association.

*Cengage Advantage Books:
Half the Human Experience*
Janet Shibley Hyde 2012-03-20

Offering a clear, comprehensive presentation, **HALF THE HUMAN EXPERIENCE**, 8E delivers an authoritative analysis of classical and the most current research from a feminist psychology viewpoint. It thoroughly examines the balance of cultural and biological similarities--and differences--between the genders, noting how these characteristics may affect issues of equality as well as how men and women behave toward one another. It provides a strong foundation for understanding the influences of gender, race, and ethnicity on psychology and society, as well as strategies for thinking critically about pop culture versus academic feminism as it relates to psychology.

The Myth of Mars and Venus

- Deborah Cameron 2007
Popular assumptions about gender and communication--famously summed up in the

title of the massively influential 1992 bestseller *Men Are From Mars, Women Are From Venus*--can have unforeseen but far-reaching consequences in many spheres of life, from attitudes to the phenomenon of "date-rape" to expectations of achievement at school, and potential discrimination in the work-place. In this wide-ranging and thoroughly readable book, Deborah Cameron, Rupert Murdoch Professor of Language and Communication at Oxford University and author of a number of leading texts in the field of language and gender studies, draws on over 30 years of scientific research to explain what we really know and to demonstrate how this is often very different from the accounts we are familiar with from recent popular writing. Ambitious in scope and exceptionally accessible, *The Myth of Mars and Venus* tells it like it is: widely accepted attitudes from the past and from other cultures are at heart related to assumptions about language and the place

of men and women in society; and there is as much similarity and variation within each gender as between men and women, often associated with social roles and relationships. The author goes on to consider the influence of Darwinian theories of natural selection and the notion that girls and boys are socialized during childhood into different ways of using language, before addressing problems of "miscommunication" surrounding, for example, sex and consent to sex, and women's relative lack of success in work and politics. Arguing that what linguistic differences there are between men and women are driven by the need to construct and project personal meaning and identity, Cameron concludes that we have an urgent need to think about gender in more complex ways than the prevailing myths and stereotypes allow.

The Porn Myth - Matt Fradd
2017-02-24

The Porn Myth is a non-religious response to the

commonly held belief that pornography is a harmless or even beneficial pastime. Author Matt Fradd draws on the experience of porn performers and users, and the expertise of neurologists, sociologists, and psychologists to demonstrate that pornography is destructive to individuals, relationships, and society. He provides insightful arguments, supported by the latest scientific research, to discredit the fanciful claims used to defend and promote pornography. This book explains the neurological reasons porn is addictive, helps individuals learn how to be free of porn, and offers real help to the parents and the spouses of porn users. Because recent research on pornography's harmful effects on the brain validates the experiences of countless porn users, there is a growing wave of passionate individuals trying to change the pro-porn cultural norm-by inspiring others to pursue real love and to avoid its hollow counterfeit. Matt Fradd and this book are part of that

Downloaded from

movement, which is aiding the many men and women who are seeking a love untainted by warped perceptions of intimacy and rejecting the influence of porn in their lives.

Understanding Human

Sexuality - Janet Shibley Hyde
2016-01-01

Sexuality, Society, and Feminism

- Jacquelyn W.

White 2000-01

"Top feminist scholars apply a feminist lens to the ways American society defines and shapes women's sexuality. Sexuality, while experienced at the individual level, is a social phenomenon: Its meaning is dynamic and emerges from the social context. Power and politics tend to dictate what sexual attitudes and behaviors are considered normal and typical for girls and women, frequently with negative consequences for women's well-being and the well-being of society as a whole. Here is an alternative, more positive approach to understanding an important area of behavior."--
